

Rodrigo Diaz, Ph.D.

Email: RDiaz@agcenter.lsu.edu

Dr. is an Assistant Professor in the Department of Entomology at LSU. In addition to his work on Roseau cane scale, Dr. Diaz works on biological control of giant salvinia, air potato, emerald ash borer, and crape myrtle bark scale.

Ian Knight, Ph.D.

Email: IKnight@agcenter.lsu.edu

Ian Knight is a recent Ph.D graduate in entomology from the University of Georgia, where he worked on the biology and management of native and invasive crop pests. Starting in August 2017, he joined Louisiana State University as a postdoctoral associate working with a multiagency team to understand the distribution and impact of the invasive Roseau cane scale, *Nipponaclerda biwakoensis*.
