- History of the Handshake Program
- Program Accomplishments
- FY 23: Application Process

## Program History/Purpose

- Program originated in 2004
- Resulted from Partners Conference in Los Angeles
- Created to encourage community engagement
- Promote mutually beneficial activities

L to R: Cori Brown, Phil Benge, Greg Miller, Jeff Boutwell, Debra Stokes, Dick Otto, Mike Hosey, Chris Gallagher, and Mark Wilms

## Program History/Purpose

- Requires a formal agreement to achieve a mutually beneficial project (not just two people informally shaking hands)
- This is NOT a grant or granting program, although it looks very similar. It is an internal partnership stimulator.

- Identify needs and each partner's contribution

# Handshake Partnership Program

## Program Future

- Total program: TBD (Most likely \$150,000. Up to \$25,000 per project)
- Quarterly reporting: Funded projects must provide a status update every quarter.
- Incentive Points:
  - This lake/river project has never received Handshake funding. (100 pts)
  - This project will support diversity, equity, and inclusion goals to increase access to quality recreation experiences which includes a safe and healthful environment for a diverse population. At least one of the partner organizations in this project has diversity, equity, and inclusion goals as part of their mission. Please describe how you project meets this objective in the Support Diversity, Equity, and Inclusion Bonus Section. (100 pts)
  - This project will address a backlog maintenance issue identified in the budget process or FEM. Please describe specifically which backlog maintenance items(s) will be solved. (100 pts)

## Corps Foundation Bonus

The Corps Foundation is a non-profit, 501(c) (3) dedicated to supporting USACE Recreation and Natural Resources Management programs. The Corps Foundation exists to support these programs and as such, their focus centers on goals of nurturing partnerships and contributions. As an added incentive, the Corps Foundation will provide a \$5,000 bonus to one selected Handshake Project.

## Corps Foundation Bonus

This bonus funding is in addition to and separate from Handshake funds provided by USACE Headquarters.

The Corps Foundation bonus will be provided to the selected Handshake Project through one of the following ways:

- The Corps Foundation purchases items specified in the handshake project proposal that the \$5,000 bonus funds will be used for. The project will provide the vendor information, website, ordering form, etc. filled out and ready for the Foundation to pay with a credit card.
- The Corps Foundation gives money to one of the partners identified in the Handshake project to purchase the items specified for the \$5,000 bonus.
- The Corps Foundation provides a check/cash directly to the winning project. Donations will need to be processed through the Treasury and RM to set up an account to use the funds at the project. Coordination on the Corps Foundation Bonus funds will occur after the Handshake Projects are selected.

# Handshake Partnership Program

## Applications

- Describe the partnership and the work to be accomplished.
- Include the basic who, what, when, where, how.
- Include:
  - Who will accomplish each task
  - Are there:
    - New facilities
    - Renovations to existing facilities
    - Research
    - Visitor services
    - Cultural or natural resources preserved
    - Educational or interpretive products created

# Handshake Partnership Program

## Applications

A good application includes a description about

- the partners,
- the project, and
- the overall benefit of the partnership to the project

It must also tell us why the proposed project is valuable. Don't assume we already know.

**Must include** maps, plans, photos, conceptual drawings of the proposed project.

# Handshake Partnership Program

Specifically address how the project will meet the following six evaluation criteria

- **O&M Impacts**
- **Partnership Value**
- **Recreational Benefit**
- **Environmental Stewardship Value**
- **Communication and Education Value**
- **Innovativeness/Uniqueness**

Projects that can show benefits in multiple categories compete better.

# Handshake Partnership Program

**O&M Impacts** - What is the life span of the product and the benefit to the Corps?

- What is long term benefit of the project?
- How long do you estimate it will be around?
- What is long term cost?
- Will there be on-going maintenance required?
- By whom?
- Will the project be removed or closed if maintenance is required but not funded?
- Longer term benefit and less O&M compete better

# Handshake Partnership Program

20

**Partnership Value** - What is the significance of the partner and their contribution to the project (i.e. critical partner, matching dollars, materials, in-kind services, etc.)?

- This category incorporates both the value of the partner and the value of their contributions.
- More partners compete better because there is a stronger partnering benefit and more potential contribution.
- The value of the partner to the COE makes the application more attractive.
- **Higher % of partner contribution compete better**

# Handshake Partnership Program

**Recreational Benefit** - Does the project improve the overall recreational experience for the project's users? Does it provide opportunities for various user types?

- What experiences are created?
- Who benefits?
- Are there multiple user groups?
  
- **The more diverse and multi-functioning the recreation experience can be, the better the application.**

# Handshake Partnership Program

22

**Environmental Stewardship Value** – How does the project contribute to the natural world, and the improvement of the Corps' natural and/or cultural resources?

- Pollinator projects
- Invasive species control
- Aquatic & fisheries habitat improvements
- Wildlife habitat improvements
- Trails
- Research
- Improvements to the natural environment usually score higher

# Handshake Partnership Program

**Communication and Education Value** – This includes both effort and impact of that effort through interpretation, outreach, education and public information.

- It is important to show the effort in education
- It is important to show the impact of the efforts.
- Is there interactivity or is everything static?
- Explain how the benefits of the project are conveyed to the public and how the project improves the USACE image.

Much of the land surrounding Lake Allatoona remains forested. Located between Georgia's coastal plain and mountains to the north, this Piedmont area consists of low rolling hills covered in a mix of hardwoods and pines. Oak, hickory, sweetgum, beech, and maple share space with longleaf, shortleaf, Virginia, and Loblolly pines.

Common wildlife includes turkey, white-tail deer, grey squirrels, eastern chipmunks, and countless species of songbirds. Less numerous species like fox, coyote, and beaver also live around Lake Allatoona, but are seldom seen by our visitors. Perhaps you'll catch a glimpse of some of our wildlife on your walk today?

Can you find an example of these five types of trees?

A fox kit is more likely to see you than you to see him. The quieter you are the more likely you'll be to spot our elusive wildlife.

# Handshake Partnership Program

**Innovativeness:** Describe the innovative nature of the partnership or the project. Why is this partnership or project important and unique?

- What makes this idea so different?
- Why is it special?
- Is the partnership innovative or is it the project? Explain the difference if there is one.
- **Convince the reader, “Wow, that is different.”**

# Handshake Partnership Program

Application suggestions:

- Don't *assume* the reader knows what you know.
- Project diversity is good, but not required.
- Provide the information in an easy to read format.
- Follow directions.
- Don't *assume* the reader knows what you know
