

Here is some information from IMBA I thought you might be interested in. This is a significant opportunity for you to get involved with IMBA. They have lots to offer the Corps and I encourage you to get involved in some of these workshops and schools. IMBA is a super partner!

Subject: USACE/IMBA Trail Care Crew Schedule 2005

Dear Debra and George,

Please forward our Trail Care Crew schedule to your field folks in case they are interested in attending any trailbuilding schools or workshops. The four Corps visits are listed below and of course all IMBA events are open to any land management agency, so we encourage them to attend other events as well. The entire 2005 schedule is listed at the end.

Thanks for your time,
Jenn

Dear Corps Partners,

The Subaru/IMBA Trail Care Crews are back on the trail and focused on an ambitious mission to tackle more than 100 trail projects and inspire more than 100,000 hours of volunteer trailwork in 2005. Their coast-to-coast tour features 65 two-day IMBA Trailbuilding Schools and presentations at five national conferences.

The Crews teach "sustainable" trailbuilding, which means building trails that last a long time and require minimal maintenance. This helps reduce trail damage, protects the environment, and enhances visitor enjoyment.

Our partnership with the US Army Corps of Engineers has led to hundreds of miles of trails and dozens of local partnerships.

This year, the Subaru/IMBA Trail Care Crew will visit the following Corps projects:

Feb 24-27 Lake Mendocino, CA
Mar 31-Apr 3 Wilson Lake, KS
Jul 21-24 Lake Hopkinton, NH
Oct 10 Green River Lake, KY
