2. I'm pleased to announce that the Friends of Raystown Lake in the Baltimore District has been selected as the U.S. Army Corps of Engineers recipient of the 2010 Excellence in Partnerships Award. This award was created to recognize outstanding contributions to the recreation and environmental stewardship programs at a Corps project. It will be presented at the Association of Partners for Public Lands (APPL) Conference Awards Program on 23 February 2011 at the Hyatt Regency Hotel, Dallas, Texas.
3. Though we received many excellent nominations, one worthy of honorable mention was the Friends of Caesar Creek Lake, Louisville District, which also provided an excellent example of a partner making significant contributions to the Corps. I sincerely appreciate all of the nominations submitted for this award. Please pass along my appreciation to all the nominees for their achievements and my thanks to those who nominated them.
