MEMORANDUM FOR Division and District Chiefs of Operations

SUBJECT: Signs on Jetties, Groins and Breakwaters

1. Reference: Sign Standards Manual, EP 310-1-6a, revised 2006.
2. In the 2006 revision, the wording "Proceed at Your Own Risk" was removed from use in the Sign Standards Program. The two signs with this language were WWA-20 and WWA-33, shown below.

3. If these two signs are still in use, they must be removed and a management decision made on whether site conditions remain such that a replacement sign is necessary. Replacement options include:

a. Page 14-48:

- (1) Danger/Restricted Area - Keep Out (WDA-24)
- (2) Danger/Restricted Area - Keep Off (WDA-25)
- (3) Restricted Area/Water Levels Change Rapidly - Walkway Subject to Sudden Flooding (WRE-24)

b. Page 14-52:

- (1) Deadly Waves at Any Time (HS-001 symbol only)
- (2) Deadly Waves at Any Time with symbol (HSLAT-01)
- (3) Jetty Unsafe for Walking (HS-002 symbol only)
- (4) Jetty Unsafe for Walking with symbol (HSLAT-02)

CECW-CO

SUBJECT: Signs on Jetties, Groins or Breakwaters

The choice of signs is determined based upon local conditions. For assistance, contact your district sign program manager.

4. My POC for this program is Mr. Rick Magee, Program Manager, Sign Standards Mandatory Center of Expertise at (651) 290-5578.

FOR THE COMMANDER:

A handwritten signature in blue ink, appearing to read "M. G. Enschede", is positioned above the printed name.

MICHAEL G. ENSCH
Chief, Operations
Directorate of Civil Works
