Army Corps of Engineers waives day use fees at recreation areas in observance of Veterans Day

WASHINGTON – The U.S. Army Corps of Engineers (USACE) announced today that it will waive day use fees at its more than 2,850 USACE-operated recreation areas nationwide in observance of Veterans Day, November 11.

The waiver covers fees for boat launch ramps and swimming beaches. The waiver does not apply to camping and camping-related services, or fees for specialized facilities (group picnic shelters) and events. Other agencies that manage recreation areas on USACE lands are encouraged, but not required, to offer the waiver in the areas that they manage.

Visitors are encouraged to contact USACE lake and river projects before visiting to ensure recreation areas are open. The status of USACE-managed campgrounds, boat ramps and swimming beaches and other sites is available at <https://corpslakes.ercd.dren.mil/visitors/status.cfm>.

USACE began the Veterans Day fee waiver in 2006 as a way to honor the men and women who have served our nation and the armed forces.

USACE is one of the leading federal providers of outdoor and water-based recreation, hosting millions of visits annually to its more than 400 lake and river projects. It's estimated that 90 percent of the USACE-operated recreation areas are within 50 miles of metropolitan areas, offering diverse outdoor activities for all ages close to home.

To discover a USACE recreation site nearest you, please visit www.corpslakes.us, or www.recreation.gov.
