

Excellence in Partnerships Award Nomination Criteria

Purpose of the Award – The U.S. Army Corps of Engineers Excellence in Partnerships Award was created to recognize outstanding contributions of any partner organization which has participated in the Corps recreation or environmental stewardship activities and/or projects.

Eligibility – Corps partners who have provided substantial support to operations in the recreation and/or environmental stewardship arena. If your project won this award in the previous year, you must wait a full year before submitting another nomination package.

Definition – A Partner is any group or organization whose partnership with the Corps results in the enhancement of and contributions to the Corps mission, particularly in-regard to natural resources management. A formal agreement (such as an MOU, challenge partnership agreement, Economy Act, cooperative agreement, or cooperating association agreement) is not required to compete for this award.

Nomination Package – The nomination package will include the following:

- Corps project name
- Corps point of contact
- Partner's name
- Partner's point of contact
- Corps project mailing address
- Corps project phone number
- Introduction
- A narrative describing the nominee's accomplishments:
 - Should be a concise description of the nominee's project(s) or efforts that shows why the partner should be recognized.
 - Must address the criteria described below to enable the review committee to easily compare nomination packages.
- A citation that provides a summary of achievements which may be read at the award ceremony.
- Application requirements:
 - a maximum of four pages of narrative
 - up to four additional pages of support material, including photographs or news articles may be attached.
 - Please include one slide that briefly describes the partner's efforts and accomplishments and includes photographs of the partnership in action (example attached).
- One nomination package per MSC will be submitted electronically by the MSC Rec/ES business line managers to the award POC, Francis Ferrell, at francis.e.ferrell@usace.army.mil

Nomination Criteria – Nominations will be judged on the following criteria:

(1) Accomplishment of Management Objectives - Accomplishing management goals and objectives and has assisted the Corps in accomplishing work items that could not have been accomplished without the partnership.

(2) Creativity and Originality - The nominee has shown creativity and originality in serving the public and assisting the Corps in meeting the needs of its customers.

(3) Improvement in Public Awareness/Education - Enhancing the public's awareness of the Corps Recreation and/or Environmental Stewardship missions. Providing members of the public with significant opportunities to acquire the knowledge, values and attitudes related to Corps projects and public lands in general.

(4) Involving Other Partners - The partnership has increased community involvement and understanding of the Corps role in serving the Nation.

(5) Serving a Diverse Public - The partnership has strengthened and improved the Corps' ability to provide good customer service by developing programs that are accessible and sensitive to the needs of diverse user groups. Diversity may include but is not limited to ethnicity, people with disabilities, various socioeconomic backgrounds, or a variety of recreation user groups.

The nominee's efforts should have been completed within the **preceding two calendar years** and should result in the completion of field level products, projects or programs.

Citation – The nomination package must include a citation of no more than 750 characters summarizing the achievements by the partner that will be read at the award ceremony.

Spotlight Slide- Please include one slide that briefly describes the partner's efforts and accomplishments and includes photographs of the partnership in action (example attached).

Nomination Process – Each MSC can submit a total of one nomination for the Excellence in Partnership Award. Nomination packages assembled according to the enclosed information will be forwarded electronically by COB 01 December 2023 **from each MSC Rec/ES business line manager** to Francis Ferrell, at francis.e.ferrell@usace.army.mil

The Partnership Advisory Committee will review the nominations and provide recommendations to the Chief, Natural Resources Management HQUSACE. The winner will be honored in 2024 and will receive a plaque provided by the Corps Foundation to be displayed at the partner's location.

U.S. Army Corps of Engineers
2023
Excellence in Partnerships Award Nomination

Please review instructions before completing application!

Corps project name:

Corps point of contact:

Partner's name (to be inscribed on award or certificate):

Partner's point of contact:

Corps Project mailing address:

Corps Project phone number: - -

District:

Division:

Introduction: (Briefly Describe the Project setting and your Partner's mission)

Describe the nominee's accomplishments using the criteria below.

(1) Accomplishment of Management Objectives. Accomplishing management goals and objectives and has assisted the Corps in accomplishing work items that could not have been accomplished without the partnership. Address how the nominee has demonstrated any of the following topics:

- Project/partnership ties into greater regional or national goals and initiatives of USACE
- Identify a specific management goal that the partnership meets
- Demonstrates improved cost-benefit/efficiencies through the partnership
Operations and Maintenance costs reduced by the partnership

(2) Creativity and Originality. The nominee has shown creativity and originality in serving the public and assisting the Corps in meeting the needs of its customers. Address how the nominee has demonstrated any of the following topics:

- Partnership/project model used and sought out by others
- Involves a non-typical partner/new partner
- Snowball effect- initial project led to more partnership successes

(3) Improvement in Public Awareness/Education. Enhancing the public's awareness of the Corps Recreation and/or Environmental Stewardship missions. Providing members of the public with significant opportunities to acquire the knowledge, values and attitudes related to Corps projects and public lands in general. Address how the nominee has demonstrated any of the following topics:

- Projects impacts reach a regional or national audience
- Uses a variety of programs or a unique outreach method
- Demonstrates actions by the public as a direct result of the project/partnership
- Engaged other partners or schools/universities to increase public education

(4) Involving Other Partners. The partnership has increased community involvement and understanding of the Corps role in serving the Nation. Address how the nominee had demonstrated any of the following topics:

- Project/partnership involves other partners in addition to the nominee
- Nominee received grants or other alternative funding, materials, supplies, or resources
- Leads to regional or national impacts beyond the initial USACE location

(5) Serving Diverse Audiences. The partnership has strengthened and improved the Corps ability to provide good customer service by developing programs that are accessible and sensitive to the needs of diverse user groups. Diversity may include but is not limited to ethnicity, people with disabilities, various socioeconomic backgrounds, or a variety of recreation user groups. Address how the nominee had demonstrated any of the following topics:

- Demonstrate how the partnership improved the experience for multiple user groups
- Demonstrates a snowball effect, multiple initiatives as a result of the initial project

Citation. Provide a summary of achievements/proposed citation that may be read at the award ceremony

Spotlight Slide. Please provide one slide that briefly summarizes the partners work as well as photographs of the partnership (example attached).

PARTNER NAME- PROJECT

- Provide a brief summary of the partnership
- Include highlights such as:
 - Partnership type
 - Other partners involved
 - Volunteer hours/donated materials in the FY
 - Management objectives accomplished
 - Any outreach/public awareness
- Please include 1 or 2 photos of partnership in action

MISSOURI FERAL HOG ELIMINATION PARTNERSHIP

The Missouri Feral Hog Elimination Partnership has united private landowners, universities and over 15 federal and state agencies under the common goal of eliminating feral hogs from public and private lands throughout Missouri to protect public health, agriculture and natural resources.

The Partnership, has utilized a multi-faceted approach to achieve success. Using everything from legislative actions and enforcement, to education, control measures and disease monitoring. Since implementing hog hunting prohibitions on public lands in 2016, the Partnership is seeing an overall downward trend in populations despite increasing acres surveyed – a measure of success in a very long battle. Though feral hogs remain in parts of Missouri, the presence of feral hogs at Corps of Engineers projects has been greatly reduced, if not eliminated.

- Partnership established in 1998
- Partnership Type: MOU
- The Partnership has eliminated feral hogs from Harry S. Truman, Pomme de Terre, and Stockton Lakes. Feral hog populations at Table Rock, Bull Shoals, Clearwater, and Wappapello Lakes have been greatly reduced.
- Since 2016 more than 54,000 feral hogs have been eliminated along with a 48.5% decrease in the number of watersheds occupied statewide.

National Volunteer of the Year Awards Nomination Criteria

Purpose - The U.S. Army Corps of Engineers created this award to recognize the extraordinary service provided by volunteers, draw attention to their vast skills and contributions, and encourage an attitude of stewardship and responsibility in caring for Corps lands, facilities, and resources. The intent of the award is to distinguish those individuals, couples or family units who give their skills, talents, and time beyond the normal call of duty and whose creditable service to the Corps has resulted in the significant enhancement to one or more of the Corps business lines. The purpose is to identify volunteers who have exceeded expectations and set a higher bar of performance.

Eligibility - This award may be given to an individual, couple or family unit who has provided substantial support to operations in the recreation and/or environmental stewardship arena. Exemplary work performed may include such things as improving conditions for the resources, park facilities, operations, or visitors; addressing backlog maintenance items; developing community partnerships; or providing a positive, supportive work environment. The work performed can take place over multiple years, and at one or more projects. In addition to the general criteria outlined, the nomination must clearly identify how the nominee's work has fulfilled a project's needs, has had a positive impact in the USACE, and has made a lasting contribution.

Note: Outstanding organizations that volunteer for the Corps should be submitted for the Excellence in Partnership Award, not the National Volunteer of the Year Award. If your volunteer is part of or leads a partnership organization, your nomination package must focus on the work of the individual and not everything that the partnership accomplished as a group.

For consideration, all nominees must have performed some of their **qualifying volunteer work during the previous fiscal year**. Nominees, such as hosted workers who have received payment other than incidentals from another source for their work are not eligible for the awards. Corps employees who volunteer during their non-duty hours are also not eligible.

Nomination Criteria - Selections will be made based on 4 criteria areas:

- (1) Support and dedication to the Corps missions – The nominee(s) service has supported one or more of the Corps missions and raised public awareness of the Corps mission in the local community.
- 2) Accomplishments – The nominee(s) has exceeded program goals through their improvements and contributions in accomplishing management objectives.
- 3) Impacts to the project, resources and community – The nominee(s) addressed an identified need, provided unique or innovative service to accomplish work that would not have happened without the volunteer's service.

4) Collaboration and partnerships – The nominee(s) efforts built partnerships, boosted public interest, and increased community support and involvement.

A winner cannot receive this award multiple times. Submissions will be rated based on the narrative which supports the criteria and references/support documents.

Citation – The nomination package must include a citation of no more than 750 characters summarizing the achievements by the partner that may be read at the award ceremony.

Nomination and Selection Process – Each MSC can submit a total of three nominations to be considered for this national award. The nominations should include the following:

1. Completed nomination form
2. Narrative addressing the 4 award criteria (maximum of three pages on the fillable form)
3. Up to four additional pages of photographs or articles that showcase/demonstrate the nominee's efforts or accomplishments

In the event that a nominee has served at multiple MSCs and both MSCs would like to submit a nomination package for the same volunteer(s), the two (or more) MSCs can combine efforts and submit one multi-MSc nomination package.

Nomination materials must be received by 01 December 2023 and should be submitted electronically **by the MSC Rec/ES business line managers** to Francis Ferrell, at francis.e.ferrell@usace.army.mil. MSCs will ensure all necessary nomination materials are complete and forward their top three regional selections.

The Partnership Advisory Committee will review the nominations and provide recommendations to the Chief, Natural Resources Management HQUSACE. The winner will receive a plaque and volunteer coin provided by the Corps Foundation, which will be presented by their Division or District Commander or other delegated representative.

**U.S. Army Corps of Engineers
National Volunteer of the Year Award
2023 Nomination Application**

PART I: NOMINATION INFORMATION

A. Name of Nominated Individual, Couple or Family Unit:

*Name to be inscribed on award or certificate:

B. Nominee Contact Information:

Street Address:

City, State, Zip:

Phone:

Email:

C. Nomination Submitted by:

Corps POC Name:

Corps Lake/Project Name:

Address:

Phone:

Email:

Relationship to Nominee:

PART II: VOLUNTEER PROJECT/ACTIVITY INFORMATION

A. Site location(s) where volunteer work was performed:

Corps Lake/Project Name(s):

Address:

City, State, Zip:

Phone Number:

District:

Division:

B. Is the project or volunteer activity ongoing? _____ Yes _____ No

If no, how long did event/ project/activity last? _____ Days _____ Months _____ Years

Did some of the activity occur between October 1, 2022 and September 30, 2023?

Yes No

*If no, the volunteer or group does not qualify for an award this year.

Was the volunteer activity entered in the FY 23 CWBI-OPS Volunteer update?

Yes No

C. Type of Volunteer Activity

Please select primary event/project/activity purpose. Select any that apply.

- Habitat Restoration
- Soil/ Water Conservation
- Education/ Interpretation/ Outreach
- Research/ Monitoring/ Studies
- Construction
- Species Management
- Historic/ Cultural Restoration Improvement
- Clean-Up/ Maintenance
- Host/ Site Steward/ Visitor Center
- Administration
- Other- Please specify

D. Volunteer Information

Total number of volunteers in the family unit:

Total volunteer hours in FY 2023:

Total volunteer time at the project (hours and months/years):

PART III: VOLUNTEER PROJECT/ACTIVITY NARRATIVE

The nominee(s) will be evaluated on the following criteria: Mission; Accomplishments; Impact; and Collaboration. Each criterion must be addressed in the narrative.

1. Support and Dedication to the Corps Missions. Describe how the nominee's service supported one or more of the Corps missions (Recreation, Environmental Stewardship, Hydropower, FRM, Navigation). When doing so, list the mission being addressed and how they have supported specifically. Describe how their service raised public awareness of the Corps missions in the local community.

2. Accomplishments. Summarize what the volunteer did. Include major goals and their resulting accomplishments, improvements and contributions in accomplishing management objectives. Describe any challenges the nominee faced and overcame. Quantify whenever possible (i.e. number of miles groomed, bags/lbs. of trash collected, etc.). Include specific examples of ways the volunteer exceeded regular job duties.

3. Volunteer Impact. Summarize the impact and benefits of the nominee's service on the lake/river project site, natural resources and/or community. How did the nominee address a real, identified need? Describe any unique or innovative service or creative solutions and programs provided by the nominee. Quantify the impact whenever possible. Include work items that could not have been accomplished without the volunteer's service. Explain specifically why this volunteer's service exceeds expectations.

4. Collaboration and Partnerships. Briefly describe the collaborative or partnership efforts associated with the nominee's project/activities. Please indicate any funding sources and/ or in-kind donations received from this nominee's project/activities. Describe how the nominee's efforts have built partnerships, boosted public interest, or increased other community involvement.

Citation. Provide a summary of achievements/proposed citation that may be read at the award ceremony.
