MEMORANDUM FOR COMMANDERS, MAJOR SUBORDINATE COMMANDS
AND DISTRICT COMMANDS

SUBJECT: American Flag and Length of Service Pins for the Natural Resources
Management Uniform Program

1. I have approved the Natural Resources Management (NRM) Uniform Committee's recommendation to authorize the wearing of an American Flag pin and the Federal Length of Service pin on the Class B/C/D NRM Park Ranger uniform.
2. NRM uniformed employees have the option of wearing a single pin centered either on the left shirt collar point, or the left coat lapel. This pin may be either an American Flag (maximum size $\frac{3}{4}$ square) or the employee's Federal Length of Service Pin. No other pin is authorized to be worn with the NRM Uniform. The American Flag pin will not be available under the uniform program supply contract.
3. The NRM Uniform Committee met in October and made a number of product and program recommendations based on the many suggestions that they received from our uniform wearers. These changes will be summarized in a message from the Uniform Program Committee Chair, Mr. Jim Runkles, and will be incorporated in ER 1130-2-550, Chapter 8, Uniforms for NRM Program Staff.
