Every Kid in a Park (EKiP) Pass, WHY?

- The program is one part of an overall strategy by the Obama Administration to engage young people from all ages and all backgrounds with the great outdoors. This includes the [21st Century Conservation Service Corps](#), a bold national effort to put thousands of young people and veterans to work protecting, restoring and enhancing America's public lands and waters. In addition, First Lady Michelle Obama's [Let's Move! Outside initiative](#) is committed to getting millions of young people to play, learn, serve and work in America's great outdoors.
- Collaboration across a wide variety of government departments and agencies makes the unprecedented Every Kid in a Park possible.
- This program comes at a critical time. Today, more than 80 percent of American families live in urban areas, and more children use technology in their spare time instead of exploring the outdoors.
