

## **Summary of Lake Ouachita August 2016 NRM Gateway Workshop**

### **Attendees**

Lori Brewster	Recreation Technical Coordinator, CELRL-OPG-RG
Jonathan Carlisle	CENWK-OD-TR
Courtney Hammonds	CESWF-OD-R
Bill Jackson	CEMVK-OD-MO-O
Mark Klimaszewski	CELRN-OP-R
Aurora Scott	CELRN-OP-WOL-R

### **Summary**

A content development workshop was conducted at Lake Ouachita in August, 2016 to focus on areas of importance identified by the Park Ranger CoP Advisory Board. Jonathan Carlisle updated the Law Enforcement page to reflect the transition from using Agreements to using Contracts. Mark Klimaszewski created a new page for Tactical Communication/Verbal Defense and Influence. Courtney Hammonds and Aurora Scott produced a Park Ranger History page. Bill Jackson spent time updating the Visitor Assistance page. The individuals were given time to compile information and write content. This information was provided to Gateway Web Developer Ginny Dickerson for upload on the NRM Gateway and then presented via webcast to the group, Bonnie Bryson, Gateway Technical Coordinator; Steve Austin and Ryan Braaten, CECW-ON; and Park Ranger CoP Advisory Board Member Natalie McCormack for critique. After this, work continued on making additions to their pages. The strategy for development of the Pepper Spray page in the near term was discussed and a new SME has been identified pending supervisory approval. Jonathan Carlisle and Mark Klimaszewski started development on the Pepper Spray page and have supplied information to Ginny Dickerson for posting.

### **Workshop Attendees Action Items**

- **Follow Up with Ginny Dickerson to ensure final changes are completed.**

**Attendees working on content development in Lake Ouachita Conference Room.**

**Attendees on a webinar with Bonnie Bryson (on the phone).**
