

Section E
Transportation, Installation, Inspection and Acceptance

1. Transportation and Installation

a. Packaging and marking shall be in accordance with standard commercial practice. The Contractor shall be responsible for making all arrangements regarding the shipping and insuring of interpretive exhibits and related materials.

b. Exhibits will be delivered to the Visitor Center, city, state. It shall be the Contractor's responsibility to provide transportation, adequate personnel and equipment for loading and unloading of exhibits and proper setup of the exhibits.

2. Inspection and Acceptance

a. Title shall pass to the Government after installation, inspection and acceptance by the Government. No exhibits will be accepted unless they are properly installed, free of flaws and in working order.
