The Corps Volunteer Program

Volunteers play an important role in protecting natural resources and maintaining recreation facilities at Corps projects.

In 2023: 42,839 volunteers contributed 1,715,001 million hours of work with an estimated value of \$54.5 million

Volunteers can perform almost any task that a paid employee can:

- Park/Campground/Visitor Center hosts
- Interpretation/education
- Fish and wildlife habitat improvements
- Invasive species management
- Trail construction and maintenance
- GIS/mapping
- Photography.... And more!

FY 23 Partnerships & Volunteer Program Summary

As we reflect on the past year, we are proud to share the incredible achievements and milestones of the U.S. Army Corps of Engineers (USACE) partnerships and volunteer programs. This summary highlights the impactful contributions of our dedicated volunteers and the successful collaborations with our valued partners.

(72% of USACE Projects)

Alongside USACE staff, our volunteers and partners organized community outreach events, fostering connections and raising awareness about USACE missions. These events served as platforms to engage with new volunteers and potential partners.

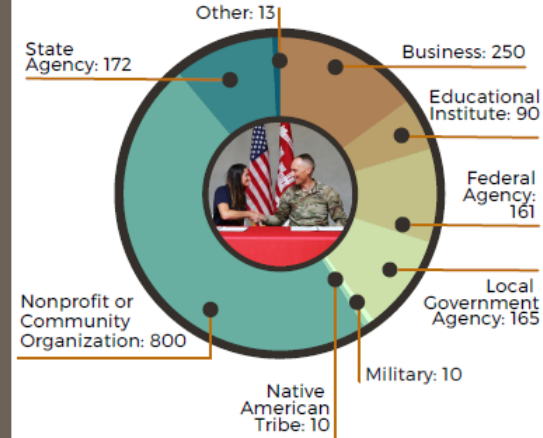

At the national level, USACE continued to team up with other Federal land management agencies to support the Federal Interagency Council on Outdoor Recreation, and the America the Beautiful 30x30 initiative, the Recreate Responsibly and Together Outdoors coalitions in providing outdoor recreation and conserving or sustainably managing natural and cultural resources. As we look ahead, we are excited about the potential for even greater achievements and are grateful for the ongoing support of our remarkable communities.

Why You Need Volunteers

- Budget realities do not allow you to accomplish your mission with the staff and resources you have.

- Volunteers are your link to the local community. They are often some of the best advocates of the Corps of Engineers and our partners.

- Volunteers have unique skills and abilities that you can draw on.... Anything from a lifetime of experience to the strength and enthusiasm of youth

Every position we fill with volunteers, is an opportunity to engage the community and build our constituency.

U.S. ARMY

What Volunteers Can and Can't Do

- Volunteers can perform almost any task that a paid employee can do, provided they have received training or have experience.
- They can perform duties that once were or are currently performed by Corps employees.

- Cannot:

- Enforce Title 36
- Create policy
- Volunteers will not be used to displace any USACE personnel

U.S. ARMY

Volunteer Program Authority/Policy

- **33 USC 569c (Public Law 98-63), Amended by WRRDA 2014 Sec 1047(d):** Gave the Chief of Engineers the authority to accept the services of volunteers and provide for their incidental expenses, **including expenses relating to uniforms, transportation, lodging, and the subsistence of those volunteers** to carry out any activity of the Corps except policy making, law or regulatory enforcement.
- **ER/EP 1130-2-500**, Chapter 10 Corps of Engineers Volunteer Program. **Superseded by 12 August 2016** “Implementation Guidance for Section 1047 (d) Services of Volunteers, of the Water Resources and Reform Development Act (WRRDA) 2014, Public Law 113-121”
(Working to convert 2016 guidance into ER- Currently with Army General Counsel in the ASA’s office)
- **Volunteer Background Investigation Policy**, March 2020: updates/supersedes background investigation policy from 12 August 2016 implementation guidance
- **Policy Letter 04-01**, October 2004: Established the Corps use of the Independent Sector’s hourly rate to determine the value of service
 - FY 23 rate = \$31.80 (Typically updated each April during National Volunteer Week)

U.S. ARMY

Volunteer Program Authority/Policy

- Voluntary service may be accepted from individuals or from members of organized groups. Volunteers will be recruited, and service accepted without regard to race, creed, religion, age, sex, color, national origin, sexual orientation, marital status, political affiliation, or disability.
- Volunteers must be qualified to perform the work assigned. Additionally, they must be physically able to do the work.
- Volunteer services may be accepted from the following groups:
 - Individuals from private sector, state or local government agencies whose employers donate their employees' services to USACE on a short-term, limited basis while paying the employees
 - Off-duty USACE personnel (but must be for work which falls outside their regular job duties)
 - Children
 - Legal aliens or foreign exchange students

U.S. ARMY

Children Volunteers

- Children under the age of eighteen years may be volunteers, provided they have the written consent of their parent or guardian on the OF 301a Volunteer Service Agreement form.
- If children are volunteering as part of a group, the leader must provide a complete list of group participants and separate OF 301a agreements signed by the parents/guardians for all participants under the age of eighteen.
- Army General Counsel ruled that signing another organization's consent form is not sufficient to protect USACE.

U.S. ARMY

Volunteer Duties, Rights, and Responsibilities

10

- Volunteers may be authorized to sell permits and collect fees from the public.
 - Must be properly trained and provided security awareness briefing
 - Must sign statement on OF 301a accepting risk and liability of handling funds and property
 - Fiscal law training is not required.
- Volunteers may operate government owned or leased vehicles, vessels, machinery or equipment.
 - Must have proper training, license and experience in accordance with USACE policies
 - For positions that require the use of government vehicles, vessels, etc., the requirement should be stated on the OF 301a
- Volunteers are liable for damages to government property if found negligent.

U.S. ARMY

Volunteer Duties, Rights, and Responsibilities

- Volunteers receive the same benefits and protections as Federal employees under the Federal Employees Compensation Act (5 U.S.C., Chapter 81) and the Tort Claims Act (28 U.S.C., Chapter 171). Volunteers are offered this protection for personal liability, provided they are acting within the scope of their responsibilities.
- Volunteers are not typically considered to be part of the USACE covered population for Employee Assistance Program (EAP) Services or Critical Incident Stress Management (CISM). On a case-by-case basis, EAP and/or CISM services may be offered, or the Federal Occupational Health may offer courtesy services to volunteers in the event of an emergency, including traumatic, distressing events during the volunteer's duties.

U.S. ARMY

Other Categories of Service

12

The following categories of free services are also authorized for use by USACE, but not under the 33 USC 569c volunteer authority/policy:

- Partner-funded personnel services for long-term volunteers paid by another entity. Authorized by 33 USC 2328 (Challenge Partnership Agreements).
- Inmate labor services from federal, state, or local correctional facilities. Authorized by 18 USC 4125 and 33 USC 2325 (Contributions).
- Services provided by Military Reserve or Federally Activated National Guard units. Authorized by Section 8124 of WRDA 2022
- Limited instances allow for contribution of materials, supplies and services from state activated National Guard units under 33 USC 2325 Contributions authority.

Partner Funded Personnel

- January 31, 2017 Policy memo: Provided guidance on the use of partner-funded personnel and an updated Challenge Partnership Agreement template and documents for acceptance of long-term partner funded services
- Differs from short-term/one-time events where volunteers are being paid by their employer for the volunteer day.
- Allows USACE to accept contributions of services from non-federal public and private entities that have entered into a challenge partnership agreement, which may include a Partner paying for their personnel's labor to perform services for the benefit of the Corps, at no cost to the Corps.
- Authorized by 33 USC 2328 Challenge Partnership authority instead of 33 USC 569c Volunteer authority

- My pay and benefits are the sole responsibility of the Partner;
- I must resolve all issues, disputes, or claims involving my pay and/or benefits directly with the Partner;
- By signing this statement, I agree to hold and save the Government free from all damages arising from any issues, disputes, or claims related to my pay and/or benefits;
- Upon request from the Government, I may be subject to background checks, requests for information relating to my general physical and mental fitness to perform assigned task, and other security/safety related requirements; and
- *[INCLUDE THIS STATEMENT IF PERFORMING FEE COLLECTIONS DUTIES, OTHERWISE DELETE]* I acknowledge that I accept the risk and liability of handling government funds and accountable property. I may purchase a bond from a federally-approved bonding institution at my own expense, understanding that a bond is not a grant of relief, nor does the Government relinquish its rights against me or the bond in a non-negligent loss case. I have read and understand Corps policy EC 1130-2-550, Chapter 9, and will follow the procedures to maintain funds security.
- Regardless of any employment agreement that I may have with the Partner, the Government, at its sole discretion, may refuse to accept my services and

U.S. ARMY

Civilian Inmate Labor Program

- The CILP benefits both USACE and corrections systems by providing meaningful work for inmates and providing a source of labor at no direct labor cost to USACE Civil Works projects to accomplish tasks that would not be possible otherwise due to staffing and funding constraints.
- Services provided by inmates may include but are not limited to:
 - Building levees
 - Environmental protection
 - Constructing or repairing roads
 - Clearing, maintaining and reforesting public lands
 - Providing repair and maintenance work such as mowing, painting, carpentry, cutting trees, landscaping, planting, trash pickup, custodial work
 - Constructing or repairing any other public works financed wholly or in major part by funds appropriated by Congress.
- Only minimum-security community custody inmates are authorized to perform tasks at Army Civil Works projects.

DEPARTMENT OF THE ARMY
U.S. ARMY CORPS OF ENGINEERS
INMATE LABOR PROGRAM FOR FEDERAL AND STATE/LOCAL INMATE LABOR
AT ARMY CIVIL WORKS PROJECTS

1. Purpose. This memorandum establishes guidelines for the Department of the Army, U.S. Army Corps of Engineers (USACE) Civilian Inmate Labor Program and prescribes policies, procedures, and responsibilities for using civilian inmate labor at Army Civil Works projects.

2. References.

- a. 18 U.S.C. 4125(a)
- b. 33 U.S.C. 2325
- c. 28 C.F.R. Part 301
- d. Secretary of the Army memorandum, subject: Delegation of Authority to Establish Civilian Inmate Labor Programs at Army Civil Works Projects, dated 5 February 2020.
- e. ER 1130-2-500, Ch. 11, Project Operations—Partners and Support, Contributions Program (27 December 1996).
- f. EP 1130-2-500, Ch. 11, Project Operations—Partners and Support, Contributions Program (27 December 1996).

3. General.

a. The Secretary of the Army has delegated to the Assistant Secretary of the Army for Civil Works (ASA(CW)) the authority to establish civilian inmate labor programs for use of Federal and state/local inmate labor at Army Civil Works projects and the responsibility for providing overall program direction (reference 2.d.).

b. Title 18 U.S.C. 4125(a) provides that the services of U.S. civilian inmates may be made available to perform work set forth under terms, conditions, and rates mutually agreed upon, for constructing or repairing roads, clearing, maintaining and reforesting public lands, building levees, and constructing or repairing any other public ways or works financed wholly or in major part by funds appropriated by Congress.

c. Title 33 U.S.C. 2325 authorizes the Secretary of the Army to accept contributions of services from persons, including governmental entities but excluding the project sponsor, in connection with carrying out a water resources project for environmental protection and restoration of a water resources project for recreation. The acceptance of civilian inmate labor services from state and local correction facilities meets the statutory requirements of 33 U.S.C. 2325.

CILP Key Governing Provisions

- Only minimum-security community custody inmates are allowed. i.e. Those convicted of nonviolent crimes who have been judged by the established correction facility standards to represent no threat to the population at the project and who are not considered escape risks.
- The program will be without direct labor cost/expense for inmate labor to USACE except for nominal costs for program administration, equipment, materials, supplies used by inmates, or other similar costs.
- **Inmates will not operate USACE vehicles.**
- **USACE personnel will not transport inmates. Corrections facility personnel are responsible for all inmate transportation.**
- **USACE personnel will not be used to guard, control, discipline or exercise custodial supervision.**
- Inmates may purchase food/drinks from vending areas, but may not be given gifts, food, money by any USACE personnel or the general public.
- To the extent practicable, inmate labor will be limited to areas not currently occupied by the visiting public.

CILP FAQs

Q: Does the CILP include community service workers who have court ordered service but are not incarcerated?

A: No. Community service workers who are not in custody of a corrections facility are treated as a regular volunteer, signed up on the OF 301a form. There may be additional paperwork/coordination with the court system to verify hours worked.

Q: Are work release inmates (those who are incarcerated in the evenings, but released without supervision during the daytime to perform work outside the corrections facility) included in the CILP?

A: Yes, however the requesting site would need to request a deviation from the DCW for the approved template MOA regarding unsupervised inmates.

Q: Can USACE pay the corrections facility for transport of the inmates?

A: No, the correction facility must handle all inmate transportation, including the cost to transport.

U.S. ARMY

WRDA 2022 Section 8124 Troop Training Authority

- Permits reserve components of the Armed Forces, in carrying out military training activities or otherwise fulfilling military training requirements, to perform services and furnish supplies in support of a USACE water resources development project or program without reimbursement.
- Reserve components of the Armed Forces include:
 - Air Force Reserve
 - Army Reserve
 - Coast Guard Reserve
 - Marine Corps Reserve
 - Navy Reserve
 - Air National Guard when federally activated in Title 10 status
 - Army National Guard when federally activated in Title 10 status
- This authority does NOT pertain to state activated National Guard units operating in a non-federal Title 32 status. (HOWEVER: These are permissible under the authority of 33 USC 2325 consistent with Contributions Program guidance.)

Military Reserve Component Training at CW Projects

- Provides invaluable and necessary training for military units to build readiness and gain construction/project management skills on projects that cannot be replicated elsewhere
- Interaction between uniformed service members with civilian technical experts in USACE provides well-rounded engineer forces that are better trained and equipped with the skills necessary to accomplish mission-essential tasks
- Accomplishes goals of NRM program and completes projects that are unfunded and/or backlog maintenance items
- Gains efficiency for projects' strained maintenance funding

U.S. ARMY

Troop Training Exercise Examples

22

- Heavy equipment training for road resurfacing
- Design, construction and/or repair of trails, gatehouses, campsites, fish habitat, ADA fishing docks, radio towers, bridges, drainage ditches, splash pads, playgrounds, sewer systems, pole barns, roads, parking lots, pipes, picnic shelters, stairs, sun shelters
- Disaster response
- Search and rescue training
- Boundary and monument surveys
- Aerial inspections
- Dive team underwater inspections, video, photography, assessments
- Demolition of radio tower, buildings, rocks in quarry
- Flood debris removal
- Prescribed fire and firefighting
- Plumbing and electrical work
- Earth moving/hauling for environmental restoration and erosion protection
- Replacement of whalers and cleats on boat dock and house
- Damaged gauge sensor reconnaissance

U.S. ARMY

Armed Forces Reserve Component Training Agreement (AFRCTA)

- All support provided by reserve components under this authority will be agreed upon/defined in an Armed Forces Reserve Component Training Agreement (AFRCTA) signed by reserve unit and USACE leadership.
- Approval levels for AFRCTA:
 - MSC Commanders for any agreement exceeding a total value of \$1,000,000 for any of their districts.
 - District Commanders for agreements with a total value greater than \$500,000, but equal to or less than \$1,000,000.
 - District Chiefs of Operations for agreements with a total value greater than \$100,000, but equal to or less than \$500,000.
 - OPMs/Park Managers for agreements with a total value equal to or less than \$100,000.
- Work accomplished by reserve components shall be within current USACE authorities and contained in the annual or five-year plan in the approved OMP or Master Plan.

MEMORANDUM FOR COMMANDERS, MAJOR SUBORDINATE COMMANDS AND DISTRICT COMMANDS, CHIEFS, OPERATIONS DIVISIONS

SUBJECT: Policy Guidance for Section 8124, Reserve Component Training at Water Resources Development Projects, of the Water Resources Development Act of 2022 (WRDA 2022)

1. Purpose. The purpose of this memorandum is to provide policy guidance for Section 8124 of WRDA 2022. Section 8124 permits reserve components of the Armed Forces, in carrying out military training activities or otherwise fulfilling military training requirements, to perform services and furnish supplies in support of a water resources development project or program of the U.S. Army Corps of Engineers (USACE) without reimbursement. A copy of WRDA 2022 Section 8124 is enclosed (Enclosure 1).

2. References.

- a. Water Resources Development Act of 2022, Pub. L. 117-263, Div. H, Sec. 8124 (2022)
- b. 10 U.S.C. 10101
- c. 32 U.S.C. 101

3. Applicability. This memorandum applies to all USACE commands having responsibilities for civil works functions. The following policy is effective immediately.

4. Policy. It is the policy of the U.S. Army Corps of Engineers that:

a. USACE may accept services and supplies in support of a water resources development project or program, without reimbursement, from units or members of a reserve component of the Armed Forces carrying out military training activities or otherwise fulfilling military training requirements.

b. Pursuant to references 1.b. and 1.c., reserve components of the Armed Forces include:

- (1) The Army National Guard when federally activated (i.e., in a title 10 status).
- (2) The Army Reserve

Volunteer Program

[Headquarters POC](#)

Corps projects offer many volunteer opportunities in recreation and natural resources management. Volunteers can serve as park and campground hosts, staff visitor centers, conduct programs, clean shorelines, restore fish and wildlife habitat, maintain park trails and facilities, and more. Corps personnel can recruit their own volunteers or post opportunities on www.volunteer.gov, an interagency volunteer portal that is used by the Department of Interior, Department of Agriculture, Department of Defense, and Department of Commerce to recruit volunteers for natural and cultural resources programs. Volunteers may find opportunities on www.volunteer.gov and may also call 800-VOL-TEER for more information.
