Handshake Program History/Purpose

- Program originated in 2004
- HQUSACE dedicated funding set aside as an incentive for field sites to develop partnerships and use partnership authorities to the maximum extent.
- Awardees of the Handshake funding are selected through a competitive process.
- Encourages community engagement
- Promotes mutually beneficial activities
- Requires a formal Challenge Partnership Agreement to achieve a mutually beneficial project (not just two people informally shaking hands)

Note: This is an internal partnership incentive program, not a grant program.

Program Changes for FY 27

4

- Expanding program to proactively advance the goals of the “Sustaining Access to Recreation Facilities” program and the “Building Infrastructure, Not Paperwork” initiative.
- Focus is on implementing durable, cost-effective management solutions that limit the growth of our program liabilities.
- Prioritizes proposals that delegate some management to others, leverages cost-sharing agreements and utilizes hiring flexibility to reduce long-term staffing and operational costs.
- TWO types of funding available via competitive process:
 - **Handshake funding:** Used for recreation backlog needs or environmental stewardship projects that demonstrate a measurable reduction in overall liabilities and operations and maintenance (O&M) costs, with an emphasis on improved efficiency.
 - **Community Led Recreation funding:** Support the transition of recreation areas to external partners through outgrants or leases.

Handshake Program Eligibility

- The authority for the challenge partnership program provides opportunities for private nonprofit and non-Federal public entities to contribute to and participate in the operation and/or management of RECREATION FACILITIES and NATURAL RESOURCES at Corps water resource development projects.
 - ER 1130-2-500, Chapter 11
 - Must include at least one of the following:
 - Challenge cost-sharing cooperative management partner
 - Conservation corps (such as SCA)
 - Army Career Skills/DoW SkillBridge participant
- AND
- At least one other non-federal public or nonprofit entity.
 - All Handshake Partnerships must have a Challenge Partnership Agreement, but not all Challenge Partnership Agreements are part of the Handshake Program.

U.S. ARMY

6

Handshake Basics

- Corps facilities and resources maintained at Corps expense
- Challenge Partnership Agreement (CPA) must be executed with the additional partner(s) and the CCSCMA partner (if applicable). Conservation corps participants and ACS/DoW SkillBridge participants are not required to be signatories; however, their roles must be clearly described in the project narrative of the CPA.
- Funds must be used for recreation backlog needs or environmental stewardship projects that demonstrate a measurable reduction in overall liabilities and O&M costs, with an emphasis on improved efficiency. Projects that result in increased or unchanged O&M costs will not be considered. There must be no net increase in program liabilities or O&M costs.
- FY 27 funding amount = \$250,000
- **\$50,000 maximum individual project request**

U.S. ARMY

Investment (FY 04 – FY26)

Why Partner?
Why Handshake?

Handshake FY 27 Timeline

Application Period Begins	Apr 2026
Application Deadline	31 Jul 2026
Recipients Announced	Sep 2026
Agreement Deadline	31 May 2027
Obligate Funds	1 yr from receipt of HQ funds
– funds transmitted to District/Project via Funding Authorization Document (FAD)	

Start Early

Plan Ahead

- Partnerships take time
- July may seem like a way off, but it will come quickly.
- Determine your project
- Work with prospective partners
- Identify needs and each partner's contribution

Smithville Lake

A good application includes a thorough description about:

- The partners
- The project
- The overall benefit of the partnership

AND

Clearly addresses each evaluation criteria (5) in concise paragraph.

It must tell us why the proposed project is valuable. Do not assume the evaluators already know.

Must include maps, plans, photos, conceptual drawings of the proposed project.

U.S. ARMY

Handshake Project Summary Statement

15

- Describe the partnership and the work to accomplish
- The summary is limited to 1,500 characters. (The total written section of the application should be no longer than three pages.)
- Include the basic who, what, when, where, how.
- Outline concisely:
 - Who will accomplish each task
 - Are there...
 - New facilities
 - Renovations to existing facilities
 - Research
 - Visitor services
 - Educational or interpretive products created

U.S. ARMY

Application Evaluation Criteria

16

Specifically address how the project will meet the five evaluation criteria

- **O&M Impacts**
- **Partnership Value**
- **Recreational Benefit**
- **Environmental Stewardship Value**
- **Communication and Education Value**

Projects that can show benefits in multiple categories compete better.

U.S. ARMY

Scoring

- Each application is evaluated and scored 1 -10 for each criteria, then weighted.
 - O&M Impacts (15%)
 - Partnership Value (25%)
 - Recreational Benefit (25%)
 - Environmental Stewardship Value (25%)
 - Communication and Education Value (10%)
- Usually 8 evaluators

Scoring.. cont

- Each PAC member evaluates all applications and submits scores to coordinator.
- Scores are combined to get total score (1,600 maximum)
- Points are deducted (not meeting the guidelines outlined in the instructions).
- Projects are ranked in the order of total score
- Funds are disbursed according to ranking and amount requested
- It is possible that the lowest ranked funded project will not receive all of its requested funds.

U.S. ARMY

Criteria #1: O&M Impacts

This partnership project will either result in overall Operations and Maintenance (O&M) cost savings or no net long-term O&M gain. It reduces program liabilities, consolidates or eliminates redundant/inefficient recreation assets or facilities.

- What is long term benefit of the project?
- How long do you estimate it will be around?
- What is long term cost?
- How will it improve efficiencies or be more sustainable?
- Will there be on-going maintenance required?
- By whom?
- Will the project be removed or closed if maintenance is required but not funded?
- **Longer term benefit and less O&M compete better**

U.S. ARMY

Criteria #2: Partnership Value

What is the significance of the partner's contribution to the project (e.g. critical partner, matching dollars, materials, in-kind services, etc.)?

- This category evaluates both the value of the partner and the value of their contributions.
- More partners compete better because there is a stronger partnering benefit and more potential contribution.
- The higher proportionately the value of the partner is to USACE, the more attractive the application.
- Higher % of partner contribution competes better
- Significance of partner to the project competes better

U.S. ARMY

Criteria #3: Recreational Benefit

Does the project improve the overall recreation experience for the project's users? Does it provide opportunities for various user types?

- What experiences are created?
- Who benefits?
- Are there multiple user groups?
- The more diverse and multi-functioning the recreation experience can be, the better the application will score.

Cottage Grove Lake

Allatoona Lake

U.S. ARMY

22

Criteria #4: Environmental Stewardship Value

How does the project contribute to the natural world, and the improvement of the Corps' natural and/or cultural resources?

Topics that usually score well in this category:

- Pollinator projects
- Invasive species control
- Aquatic & fisheries habitat improvements
- Wildlife habitat improvements
- Trails
- Research
- Improvements to the natural environment usually score better

U.S. ARMY

Criteria #5: Communication and Education Value

23

Does the project increase public understanding of the Corps and its missions through interpretation, outreach, education and public information?

- It is important to show the effort in education
- It is important to show the impact of the efforts
- Is it interactive or is everything static?
- Explain how the benefits of the project are conveyed to the public and how the project improves the USACE image.

U.S. ARMY

Application Guidelines

Application Suggestions:

- Project diversity is good but not required.
- Follow the instructions on length:
 - Max of 1,500 characters on summary statement
 - Max of 3 pages of narrative and
 - Max of 4 pages of drawings/ photos/ maps/ plans
- Provide the information in an easy to read, easy to find format.

U.S. ARMY

Handshake Program Basics

- No required % matching contribution by partners
- Partner's contributions = cash, volunteer services/labor, materials, supplies
 - Reference ER & EP 1130-2-500 Ch 10
- Make sure to include all contributions made by partners on the application
- Proposals with higher % of partner contribution and participation usually compete better

U.S. ARMY

Handshake Program Basics

- Handshake funds must be spent via the same processes as any other appropriated funds; in accordance with contracting laws, Federal Acquisition Regulation (FAR), Defense Federal Acquisition Regulation (DFAR), and Army Federal Acquisition Regulation (AFAR), and all other regulations.
- Projects must consider National Environmental Policy Act (NEPA) requirements that may be necessary prior to beginning work on the Handshake project
- Cannot “Give” Handshake Funds to partners
 - The Corps does not have granting authority
- Handshake funds cannot be spent to fund permanent Corps positions (labor) or travel

U.S. ARMY

Managing Expectations

Realistic view of the opportunity

- FY 26: 10 applications (6 selected)
- FY 25: 7 applications (6 selected)
- FY 24: 8 applications (6 selected)
- FY 23: 11 applications (7 selected)
- FY 22: 17 applications (6 selected)
- FY 21: 22 applications (13 selected)
- FY 20: 16 applications (9 selected)

Prior to applying, discuss with partners what you will do if project is not selected

- Go ahead with project using more local office and/or partner funds
- Agree on a scaled down version
- Identify funding from other sources, ie Corps Foundation grants
- Try a different project
- Cancel project

U.S. ARMY

Handshake Partnership Program

- Is the Handshake Program the right fit for this project or this year?
- If so, start NOW; hopefully your partners are already on board.
- Determine your project – it's not too late, but waiting longer makes the process much harder
- Work with prospective partners
- Identify needs and each partner's contribution

U.S. ARMY

HANDSHAKE PARTNERSHIP SUCCESS STORY (PART 1 OF 3)

LITTLE ROCK DISTRICT, SOUTHWESTERN DIVISION

WHO: USACE, Little Rock District, Operations Division; Pulaski County Public Works (PCPW); Quail Forever; and the University of Arkansas Corporate Extension Service

WHAT: Handshake Partnership Agreement

WHEN: March 2020 - Present

WHERE: David D Terry - Damsite 6 West Park

WHY:

- Installation of new restroom
- Restoration of pollinator habitat
- Improvement of wildlife habitat

WHAT'S NEXT: Later in the spring and summer, another survey will be done to see which plants regenerate and the team can determine the level of restoration that will be required to complete the pollinator portion of this partnership agreement.

Summary:

On 15 February 2022, the installation of a \$53,000 restroom began at David D Terry - Damsite 6 West Park. The cost of the new restroom was a split between SWL and Pulaski County Public Works (PCPW) with PCPW funding \$27K. This is the result of a Handshake Partnership agreement between SWL, Pulaski County Public Works, Quail Forever and the University of Arkansas Corporate Extension Service. This mission was undertaken by Natural Resource Specialist, Brittany Seidel, who initiated the conversation with the partners and completed the partnership application during the application period in September 2019. She received notification that her application was funded for \$25,000 in March 2020 and work got off the ground. This partnership also includes restoration of pollinator habitat and improvement of wildlife habitat (continued on next slide).

Q/A From Previous Classes

- *What happens if your project is selected, but your partner can't come up with their funding?*
You can find a new partner to complete the project with, or the handshake funds are returned and likely offered to the next highest scoring applicant.
- *What if cost of project is less than expected?*
The unused funds are returned. Handshake funding can only be used for the stated project.
- *How long do you have to obligate your funding?* 1 year
- *Can the Corps project contribution consist of labor only?* Yes
- *Can you use a different partner if your original partner falls through?* Yes
- *Where can the funds be spent?*
Only on lands and waters operated and maintained by the Corps
- *Can I give the Handshake funds to the partner to spend?*
No, only the Corps can use the Handshake funds

Handshake Program

Headquarters Partnership POC

The Handshake Program offers a source of seed money to Corps installations for worthwhile partnership projects. The intent of this program is to initiate new, or enhance existing recreation and natural resources management opportunities. The objective is to provide an incentive to Corps projects to utilize partnering initiatives to their fullest potential. In addition, this funding is intended to encourage local organizations to partner with the Corps to construct, operate, and/or maintain local partnering projects. The Handshake Program is a way for the Corps to demonstrate our recognition that partnerships flow in both directions (i.e. partnerships are a "handshake," not a handout). Corps leadership has demonstrated their commitment to a partnership culture by establishing this program.

PLEASE NOTE: At this time, USACE has no authority or mechanism to give a non-federal partner funds. Contact your district partnering POC or division Partnership PDT member if you have questions concerning this issue.

Questions about this program should be directed to [Philip Manhart](#), Handshake Program POC at 217-774-3951 x7010

Community Led Recreation (CLR) Program Basics

33

- Funding to support the transition of recreation areas to external partners through outgrants or leases.
- Proposal **MUST** include a new outgrant partner that will assume O&M responsibility for a USACE recreation area.
- This program is designed to reduce the government's financial footprint by transferring operational control and associated costs.
- Funding may also be used for one-time improvements to make a site viable for a partner and to cover the administrative costs of the property transfer, thereby creating self-sustaining recreation areas at lower long-term costs for the taxpayer.
- **FY 27 funding amount = \$1 million**
- **\$200,000 maximum individual project request**

CLR Application Evaluation/Scoring

37

Specifically address how the project will meet the three evaluation criteria

- **Facility improvements prior to transfer**
- **Annual cost-savings value**
- **Recreational benefit**

Each application is evaluated and scored 1 -10 for each criteria, then weighted.

- Facility Improvements (25%)
- Annual cost-savings value (60%)
- Recreational benefit (15%)

Criteria #1: Facility Improvements Prior to Transfer

Explain or describe any facility improvements that will be made to the PSA(s) to encourage potential partner interest in the transfer of O&M responsibilities.

- How will the upgrades improve efficiencies or be more sustainable?
- Will old/outdated facilities be removed or replaced through this funding, resulting in reduced O&M costs?

Criteria #2: Annual Cost-Savings Value

How much money will outrgranting the PSA(s) save USACE on an annual basis, based on historical expenditures?

- Be sure to include long-term annual administrative oversight costs for Real Estate labor in the cost-savings totals.

U.S. ARMY

Criteria #3: Recreational Benefit

How does the project improve the overall recreation experience for the project's users? Does it provide opportunities for various user types?

- What experiences are created?
- Who benefits?
- Are there multiple user groups?
