

JOHN H. KERR CELEBRATES NPLD

On Saturday, September 26, 2020, our team participated in cleanup activities across the project.

Rangers Emily Jones and Juantia Souther led the Southern Piedmont Naturalist Group in a clean up at Liberty Hill trail and cemetery. The Liberty Hill site was once the home to the St. Leon Plantation. The volunteer group picked up trash along the trail and removed debris from the cemetery.

Rangers David Crowder, Cassie Cross, Richard Brown, and Natural Resource Specialist Troy Moore picked up trash from day use areas and campgrounds.
