

# Hugo Lake

## Trash Bag Trade In volunteer event

**Saturday the 26<sup>th</sup> was National Public Lands Day. Hugo Lake staff invited the public to join in a national day of service, at Hugo Lake's Trash Bag Trade In.**

- Hugo Rangers, a few gate attendants, and some caring public donated their time to help clean up around the overlook at the Kiamichi River Dam.
- Nine 55 gallon bags of trash were collected and traded in for appreciation and rewards.
- 3 acres of parking lot, mowed area, and riprap were cleared of trash. Graffiti removal, hedge trimming, and other beautification projects were also completed.
- 21.5 volunteer hours were donated during this special event. These hours also gave opportunity to connect with our visitors, share lake information, and share the importance of our environmental stewardship mission.
