Wilderness Area Book

Author's Note

This document is intended to be a living, breathing document. It was designed to give all public safety agencies a common point of reference for Lake Ouachita. If you find information that is:

- Incorrect
- Incomplete
- Missing
- Outdated

Please send the requested change to Michael.B.Wade2@usace.army.mil

ISLANDS: The islands were named by quadrant from the geographic center of the lake. The numbering increases from the center-outward and in bands that are oriented from north to south.

The nearest boat ramp was determined by the following:

- Distance from the island to the ramp
- Road composition to/from the ramp
- Proximity of the responding agency
- Proximity of the ramp to medical facilities

DISTRIBUTION:

- All land and water based USACE patrol units and supervisory personnel
- Garland County Sherriff's Office
