About 42 Awesome Volunteers found (129 hours)

The Dalles Lock and Dam and the Portland District present this memento in recognition of the 129 hours of volunteer labor provided by 42 of Google's employees to the U.S. Army Corps of Engineers. Our awesome Google volunteers saved the Corps and tax payers almost \$3,000. Your boundless energy and cheerful "can do" spirit helped our maintenance and park ranger staff provide a safe and scenic recreation experience for our visitors.
