

Andrea and Rick Moon, Tompkins Campground Maintenance Volunteers Award Recognition

On Friday, June 10, 2022, Maintenance Volunteers Andrea, and Rick Moon received the Corps Foundation Coin for their excellent volunteer service for the Tioga-Hammond & Cowanesque Lakes Project (THC). The Moons have tremendous work ethic, drive, and dedication that has made a lasting impact on countless guests that visit each year. The Moons have helped THC overcome demoralizing repeated high-water events and the loss of multiple service contractors to ensure each family that visits, takes home an experience where the memories will last a lifetime. Together they have contributed 4,226 volunteer hours which equates to a value of \$104,270. Rick and Andrea have been the backbone of the volunteer program for the past eight years, working steadfast on any project thrown their way. They truly reflect the Army Values of loyalty, duty, and selfless service.
