

Kim Goins has been a volunteer at Deerlick Creek Park since June of 2017 as both Park Host and Gatehouse Attendant. She is our "Park Mom" and is a big reason why our park receives so many good ratings for the customer service. Kim takes pride in the park and not only makes sure it looks great but goes above and beyond to provide great customer service. Our repeat customers ask for her by name. She is not only loved by the public, but she is loved by her fellow volunteers and by the Park Rangers here at Holt. Kim has adjusted to the many changes thrown at her in the last few years and has picked up the slack when we've been short-staffed. She has also assisted in the training of new volunteers and is quick to lend a helping hand wherever she can in the park. Our parks cannot run without volunteers like Kim. She's a great volunteer, she's a great teammate and most of all, she's a great person. Kim's 7 great years of service should be commended.
