Workamper® **HOTLINE**

Workamper Hotline for 06/17
There are 6 job listings on the Hotline today...

ANNOUNCEMENTS

Immediate Openings Can Be Ran On the Hotline

Receive immediate inquiries. The highly successful Hotline was created to give employers immediate access to Workampers in order to fill immediate openings, but can also be used to assist with future season recruiting. The Hotline is updated each weekday (Monday through Friday). A Hotline ad will run for two weeks at a time.

When an ad is scheduled, it is sent in the daily Hotline email to thousands of our Workamper members on the first day of the 14-day schedule. It is also posted on our Hotline Jobs website page for 14 days. Workampers also have the option of receiving job alert emails, so many Workampers may receive your ad in their email inbox right after it is scheduled and posted.

You can run four 2-week Hotline ads per year. You can have up to 100 words, and can advertise volunteer or contract positions. You can run one ad for eight weeks in a row or submit ads at different times during the year.
