

Plastic Litter Bags

Here's information on custom plastic litter bags

- ✓ Size
- ✓ Cost
- ✓ Ordering specification
- ✓ Water safety message templates
- ✓ Dispensers
- ✓ Some vender sources
- ✓ More

Sizes

We order two sizes

Back

Front

Front

Back

Small, 14"X22"

Large, 20"X33"

Costs

Costs vary with quantities and sizes ordered.

For our orders we put out a bid. Following is an example of what we paid in 2000:

- For 20"X33" size – 143 rolls, \$6,640.35
- For 14"X22" size – 329 rolls, \$12,673.61

Here are Ordering Specifications

- ✓ Need plastic litter bags on a roll (the roll will subsequently be placed on a wind-out dispenser – inside diameter of the cardboard that roll is wrapped around has to be 3 inches)

- ✓ Plastic to be 1.75 ML thick
- ✓ Specify size, in our case it was 20”X33” (500 bags per roll) or 14”X22” (780 bags per roll)
- ✓ Printing on the bag – each bag will have printing on both sides
 - 1) One message printed and configured proportionally on entire bag on one side
 - 2) Another message printed and configured proportionally on entire bag on the opposite side

Here are Ordering Specifications

Continued:

- ✓ Each bag to include a perforated edge to rip-tear each bag apart on the roll so that as people unwind the roll they can separate or tear each bag off individually.

- ✓ No Handles

- ✓ Include the recycling symbol and number according to how the bag can be recycled itself.

Help support this program by packing your trash home.

Here are Ordering Specifications

Continued:

- ✓ Background color, standard white
- ✓ Letters and symbols, standard orange

Corps Castle

- ✓ Need template for screen printing onto litter bag
- ✓ Include Corps Castle on one side

Help support this program by packing your trash here.

Dispensers

Here are some drawings and specifications for dispensers (these are for larger size bags, 20"X33"). For more information call Al Morehouse at 208-343-0671

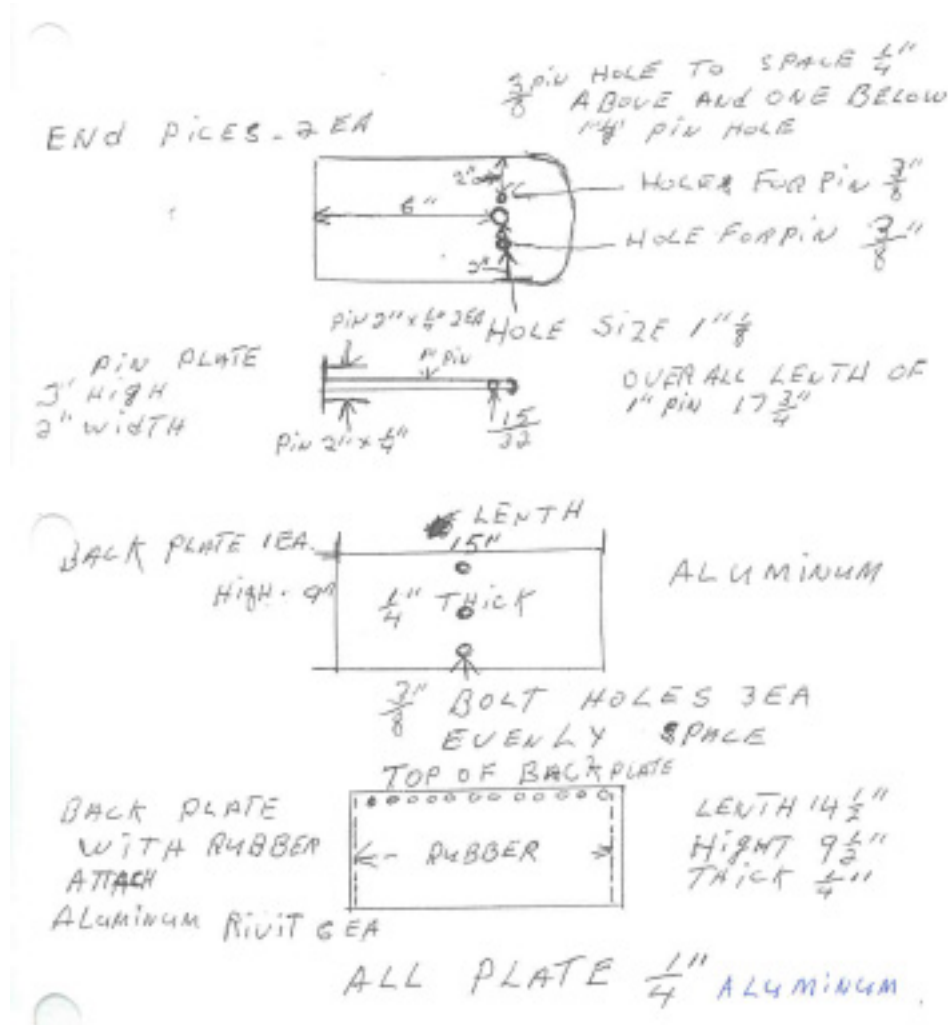

Dispensers Continued

- The spool that unravels the litter bags should be designed to prevent rapid roll deployment.

Small Size Dispenser

14"X22" Size

For more information contact Tom Cook at (509) 751-0259

Vendors

- Here are some vendors who we have used (won bids to manufacture the bags):

Primepak
Anthony Strazza
133 Cedar Lane
Teaneck NJ 07666
201-836-5060

Ray Fife Packaging Co
9309 Oak View Dr
Vancouver, WA 98664

True Power INC
Blake L Porter
2313 Brady Ave
Las Vegas, NV 89101-1400

Associated Signing

Here are some sign examples that have been included with Litter Bag distribution:

Justification/Effectiveness

The Litter Bag Pack It In Pack It Out program allows the public enhanced opportunities at Corps recreation areas to be responsible plus it helps keep Parks clean. It reduces clean-up efforts and costs plus sends a positive and valuable water safety message.

We have found the program to be effective and believe it is a service well received by our public.

Contacts/More Information

How many rolls a year would I use? That varies, but here are some Rangers that administer the program – they can provide good starting information and estimation:

- Ron Gosselin, 509-751-0245
- Mario Guzman, 208-476-1263
- Al Morehouse, 208-343-0671

One Example: Lucky Peak Lake receives about 700,000 visits annually, they use around 30 large rolls yearly.
