

Lake Ouachita Partners with Water Safety Volunteers at Lake Hamilton School

Students at the Lake Hamilton New Horizons Alternative Learning Environment (ALE) volunteered with Park Ranger Josh Tyler to stuff Water Safety bags with coloring books, stickers, cards, etc. Mr. Logan and seven JAG students worked hard stuffing approximately 400 bags that will easily be distributed at water safety programs for younger kids. These students were motivated and worked very hard and accomplished stuffing 400 bags in just 2 hours.

We hope to continue this partnership to help us distribute water safety giveaways.
