Why Partner with the Corps?

Benefits of Partnering with the Corps

- Potential for national exposure by partnering with a federal agency
- Variety of partnering opportunities because of the Corps' diverse missions
- Potential market branding to reach out to new customers
- One of the nation's leading federal providers of recreation
- We manage more than 400 lake and river projects equaling more than 12 million acres of land and water in 43 states.
- Our parks have significant economic impact, with visitors spending upwards of $10.7 billion on trip expenses, strengthening the environmental, social and economic health of communities.
- 5,000 recreation sites with more than 93,000 campsites, 3,700 boat ramps, 7,800 miles of trails, of which 90% are within 50 miles of a metropolitan area

Connecting with the Corps

The U.S. Army Corps of Engineers manages some of the most cherished lakes, rivers and lands near your cities and towns. Communities are proud of their special place in our parks. Great family memories are created during a boating, fishing, camping trip, or after a quiet day of hiking or biking on one our many trail systems. These experiences are important in strengthening families and organizations. Our parks also have significant economic impact, with 250 million visits per year supporting 180,000 jobs in communities near Corps lakes.

With the help of our partners, we can provide more service to the public than without you by our side.

To find out more about partnering with the Corps please visit: https://corpslakes.erdc.dren.mil/visitors/partners.cfm.
Partner Spotlight
The Corps Foundation assists by partnering with a wide range of organizations including local Friends groups, private individuals and businesses to support educational activities which enhance our visitor’s experiences. To learn how you can work with our national foundation, visit the Corps Foundation website: http://corpsfoundation.org

Connecting with Communities

Natural Resources Management Excellence in Partnership Award: General Wehr, Colonel Mitchell, and Mary Coulombe presented the Excellence in Partnerships Award to the Okaw Valley School District for their partnership with Lake Shelbyville in Illinois. Over 300 middle and high school students, project partners, teachers, and elected officials were present for the award. The school district leases land from the project which provides a learning environment for the students in land and water stewardship, recreation, and facility maintenance and operations. Businesses in the local communities donate materials, equipment, and financial support. This partnership was started with Corps Handshake program seed funds which are matched by the partner, and in this case significantly exceeded. This award is sponsored by the Corps Foundation.

$400,000 Grant from Birkenfeld Trust Provides Major Upgrades to Support Visitor Education at the Hiram M. Chittenden Locks
Colonel John Buck, Seattle District Commander, acknowledges the single largest gift nationally to a Corps of Engineers facility. Jim Adams of Discover Your Northwest and Rich Deline of the Corps Foundation, two non-profits supporting visitor education at the Locks, accept the check from Claire Bishop of the C. Keith Birkenfeld Memorial Trust. The funds will be used to renovate and update the fish ladder exhibits and viewing area.

A Final Note
In a time of decreasing federal funding, America’s lakes and waterways are at risk of reduced access, eliminated programs, and closures. By partnering and working together, we can help maintain and improve programs and facilities and keep these treasured resources healthy and vibrant.
