

Fort Worth District Partners with CAST to Host Take a Warrior Fishing Events at Grapevine and Canyon Lakes

The U.S. Army Corps of Engineers held a Take A Warrior Fishing event on Sunday, 14 October 2012, at Meadowmere Park on Grapevine Lake. The Take A Warrior Fishing event was designed to give our wounded warriors and their families a day of fishing and boating where they can leave their problems and concerns on shore. Events like this encourage the use of fishing as a therapeutic element that positively contributes to a wounded soldier's transition back to military work or the civilian sector.

More than 20 Wounded Warriors and their families attended the inaugural Take A Warrior Fishing event. The participants were honored for their service and sacrifice, and enjoyed a few hours of fishing and festivities. The event was made possible through a partnership with C.A.S.T (Catch A Special Thrill), the City of Grapevine and 32 other partners that helped sponsor and support the event through donations, supplies, services, equipment, facilities, and food/drink services. More than 35 volunteers and 30 boat captains who volunteered their equipment and guide services helped make this even a resounding success! A great time was had by all!
