Grapevine Lake - CAST for Kids Fishing Event: On 12 October 2024, Cast for Kids had a fishing event for individuals with special needs. Cast Volunteers take participants on the lake via boats or along the shoreline to learn how to fish. Participants go home with a fishing pole, tackle box, and trophy. Park Ranger Ami Watkins educated participants about water safety, hand out activity books and whistles, help participants find a properly fitting life jacket, and help with shoreline fishing participants.
