

LEAVE NO TRACE SPOTLIGHT EVENT

KEYSTONE & SKIATOOK LAKES

02 NOVEMBER 2024

The two Project Offices teamed up to host a stewardship project and a sustainable outdoor education event.

Along the Brush Creek Recreation Area's 1-mile paved trail at Keystone Lake, USACE Rangers and partners led interactive discussions and activities pertaining to responsibly recreating outdoors as well as the impacts surrounding water, land, and wildlife resources.

50+ Public
Attendance

U.S. ARMY

US Army Corps
of Engineers®

Participants were able to learn about the 7 leave no trace principals, collect reusable outdoor items/gear, meet Artemis (the Red-Tailed Hawk), and craft water-cycle bracelets, fish art, and pollinator seed balls – and more!

Partners:

Tulsa Parks, City of Sand Springs, Blue Thumb (Oklahoma Conservation Commission), Keystone Ancient Forest/Artventures, Sutton Avian Research Center

SKIATOOK LAKE CLEAN UP EVENT OSAGE PARK

At least 40 large trash bags were filled by 20 volunteers, including the Skiatook Lake Association and Tulsa Urban Wilderness Coalition, during a two-hour timeframe.
