# Fishing Impact

**4,338**  
**FISHING POLES**

The USA has distributed 4,338 fishing poles in 2022 into the hands of kids. All registered youth attendees at USA's fishing-focused outreach events receive a free fishing pole. The USA supports additional youth fishing events organized by dedicated USA volunteers and partners by supplying small quantities of fishing poles to distribute to youth. We anticipate providing an additional 700 youths with poles at outreach events scheduled this fall.

**By providing youth with hands-on instruction and assistance as well as free fishing poles, we give them the skills, confidence, and equipment to pursue fishing beyond USA events.**
