

Welcome to Preserve
America's Waterways
"A Goblue4kids Initiative"

  

About Preserve America's Waterways

- Creates A National Stewardship Program For Youth
- Provides a Recognition Program for Youth and Partners
- Builds New Relationships Between Organizations With an Interest in Helping to Get Our Youth Outdoors.
- Provides Meaningful Projects That Have a Positive Impact on Our Waterways.
- Is a Sustainable Initiative With Long Term Growth Potential

What can an organization expect when they offer a service project through PAW?

- Dependable youth with a variety of skills and interests
- Volunteers who are energetic and capable of strenuous work
- Young adults who love nature and are committed to preserving its beauty
- Service that ranges from four hours to multiple weekends depending on the project chosen and the needs of the community

What are some of the possibilities?

- Beach, Bank & Marina cleanup
- Water quality monitoring
- Coral reef restoration
- Wetlands and watershed education
- Habitat restoration
- Storm drain marking
- Erosion control
- Motor oil and hazardous substance disposal
- Projects that address a specific community need

These Organizations Have Been Invited to Offer
Service Projects
For The Preserve America's Waterways Initiative:

- U. S. Army Corps. Of Engineers
- NOAA Office Of Marine Sanctuaries
- NOAA Marine Fisheries Service
- US Forest Service Nature Watch Program
- National Marina Day
- NOAA Estuarine Research and Reserve System
- EPA Office of Wetlands Oceans and Watersheds
- NOAA Marine Debris Program
