Cooperating Associations vs. Friends Groups

They are NOT the same thing!

- **Cooperating Association:** refers to a legal entity, organized under state law, which enjoys a non-profit and tax-exempt status under Internal Revenue Service codes and which operates under the terms of a cooperating association agreement with the Corps.
- **Friends Group:** generally refers to local volunteer groups of citizens organized for a specific purpose or interest in a particular geographical area. Friends groups may or may not have 501(c) status. A friends group does not become a cooperating association unless an agreement is signed with the Corps.

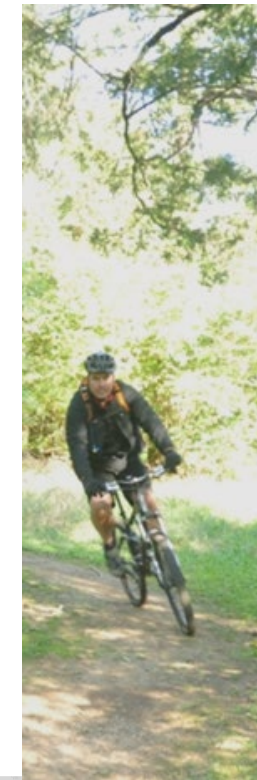

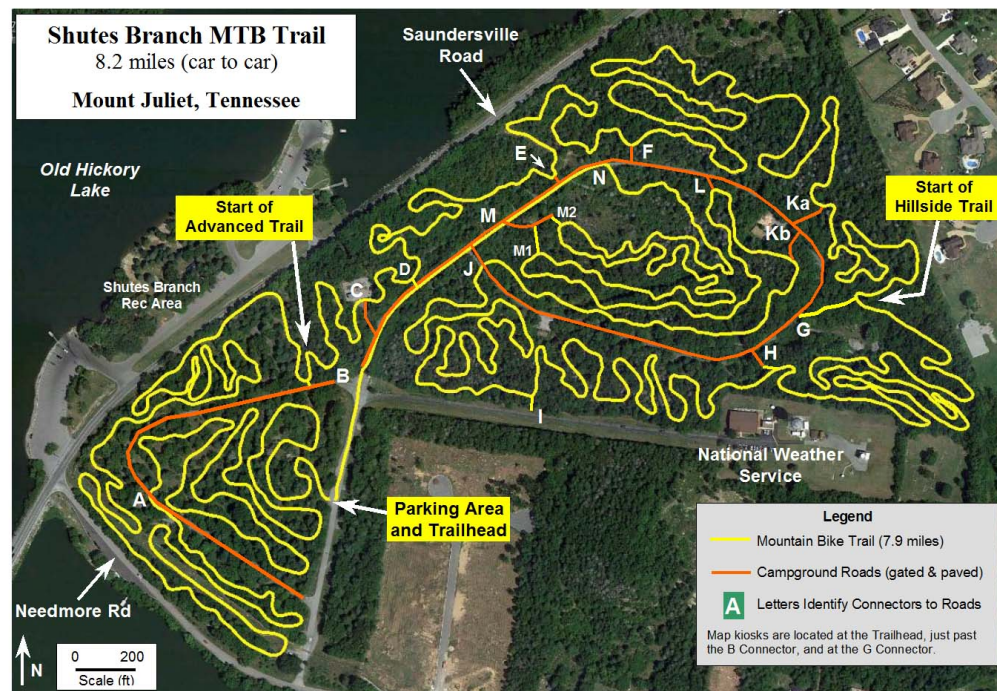

US Army Corps
of Engineers®

Benefits of Friends Groups

- Even without a formal agreement, a friends group can get a lot accomplished for your project and be an advocate for the Corps
- Example: Friends of Shutes Branch at Old Hickory Lake – Completed over 1300 hours of volunteer work to build a bike trail. Saved the Corps \$40k
- Could not raise enough money needed to start a non-profit and become a cooperating association

Benefits of Cooperating Associations

- Associations can purchase materials, equipment, programs, exhibits, services, and publications to be used at the project.
- Fundraising, sponsoring, collaborating
- Associations can develop an organized constituency not typically accessible to the Corps.
- Associations can be advocates for the Corps. Some can lobby if they are established with that mission.
- Can hire support staff to help Corps missions.

US Army Corps
of Engineers®

Getting Started

- Consult with Office of Counsel early in the process of trying to develop a new cooperating association.
- Determine if there is an existing association or non-profit group in your area.
- USACE employees can facilitate activities that lead to creation of a cooperating association.
- Nonprofit groups must have a developed structure and operating procedures.
- Provide them resources to assist with forming an association
 - Web resources (IRS.gov, etc.)
 - Supporting associations (Public Lands Alliance)
 - Training

Partnering with an Existing or New CA

- Existing associations:
 - Pros
 - Availability of funds for start-up operations
 - Track record for references
 - Familiarity with Corps policies
 - Cons
 - Less influence and flexibility
 - Potentially larger overhead expenses
 - Less focus on individual projects
- New associations:
 - Pros
 - More influence
 - Lake/project focused
 - Clearer reporting
 - Cons
 - No history/predictability
 - Greater opportunity for failure

US Army Corps
of Engineers®

Cooperating Associations

- Cooperating Associations must have:
 - Board of Directors
 - Complete Articles of Incorporation and Bylaws
 - Non-profit 501(c) status
 - Mission that aligns with the Corps mission

US Army Corps
of Engineers®

Cooperating Associations

- USACE Efforts
 - Provide the Association with Corps' goals, programs and activities.
 - Provide members with a sample agreement to review
 - Sign the agreement
 - Establish annual goals
 - Now the hard work begins...

USACE Efforts: Currently 60 Cooperating Associations and Friends groups in Partnership with the Corps

- LRE: Soo Locks Visitor Center Association
- MVK: Keeping DeGray Lake Beautiful
- MVP: Confidence Learning Center
- MVR: Iowa Academy of Science
- NWP/NWW: Discover Your Northwest
- SAW: Dan River Basin Association

Can I be a member (or officer) of a cooperating association in an official capacity?

Yes, a USACE Employee may serve as:

- Official Liaisons
- Technical Advisors
- Committee Chairpersons (with the exception of a fundraising committee)
- General (Simple) Membership

US Army Corps
of Engineers®

Serving in an Official Capacity Means...

- Assigned by a supervisor
- Working on official time
- Reimbursed for travel
- Could be using a government vehicle
- In official uniform
- May be either on federal premises or invited to participate elsewhere as a result of your official position.

US Army Corps
of Engineers®

As a Corps Employee May I:

- Participate in a fiduciary role as officer, director or trustee unless authorized by statute or waiver?
- Participate in partner operations, e.g. budget, fundraising, membership drives, by-laws, lobbying, or “for profit” activities?
- Endorse products or services?
- Accept compensation for official duties performed with partner?
- Utilize appropriated funds to conduct activities through a partner that violates USACE authorization?

NO, to all of the above

US Army Corps
of Engineers®

Can I be a member (or officer) of a partner organization in a personal capacity?

YES!...Participation in a nonfederal organization in an unofficial, personal capacity must occur on personal time, not on official work time.

Informing supervisors is encouraged to ensure that federal policies are being followed.

US Army Corps
of Engineers®

A Word of Caution !!!

Participating in a personal capacity must not compromise an employee's first responsibility to represent the interest of the Federal government.

When in doubt, consult your Office of Counsel

US Army Corps
of Engineers®

How do I work in an official capacity with partners who are fundraising for project support?

- Attending fundraising events in an official capacity is permitted – BUT restricted to approved and official remarks.
- Participation may not appear to endorse the fundraising effort or the organization; this includes asking for money.

US Army Corps
of Engineers®

Things Employees “Need To Know” When Attending Partner Fundraising Events:

- Can be named on invitation as speaker, but not shown as sponsor
- May wear uniform, but limit remarks to programs, projects or subjects related to the agency’s mission
- Cannot ask for money, support or receive donations on behalf of partner
- You may NOT be co-chair of a fundraising committee or actively participate in the fundraising activities.

US Army Corps
of Engineers®

Fundraising Displays and Materials

The Corps may allow the non-intrusive display or distribution of materials on its projects to educate visitors about an authorized fundraising partnership or activity.

US Army Corps
of Engineers®

Fundraising Website Connections

The Corps may authorize links from Corps websites to partner websites that provide opportunities to make electronic contributions provided that such linkages conform to Corps information technology management and security policies, including those pertaining to websites, and are authorized by the written agreement between the Corps and partner.

JOIN

By joining the Corps Foundation, you become a partner with the largest Federal provider of outdoor recreation facilities, helping with the stewardship of millions of acres of land and water managed by the Army Corps of Engineers. Be involved with your local community and a wider national community while funding important cultural, recreational and environmental projects for the enjoyment of all Americans.

All **membership fees** and **donations** are processed securely via PayPal (major credit and debit cards accepted) and are tax-deductible. **All memberships with the exception of the Lifetime membership are annual.** Thank you for helping

DONATE

Your financial support helps Corps projects and their friends groups connect, grow, and increase their capacity to fulfill the Corps' natural resource education mission on lakes and waterways across America.
