Internal Capacity Building

- ❖ The Corps' Culture
 1. By nature, we try to control everything... we need to loosen up!
 2. Embrace private/public partnerships

- ❖ Integrate into NRM Business Lines
 1. Build relationships internally with Office of Counsel, Real Estate, Resource Management, Planning, and Operations early in the process
 2. Strengthen interagency relationships
 3. Consistency between districts (sharing)

- ❖ Training
 1. NRM Gateway as an up-to-date resource
 2. Partnership webinars, Public Lands Alliance, PROSPECT 328
 3. Best practice sharing

External Capacity Building

Finding partners and managing
partners takes WORK!

US Army Corps
of Engineers®

External Capacity Building

Let's hear some advice from Terry Ramsey, former OPM at W. Kerr Scott

External Capacity Building – Why do Organizations and Individuals Give?

1. Because they are asked!
2. They are thanked.
3. They share values, goals, and mission.
4. They see the need and benefits of working together.
5. They are involved.
6. Others are giving (time, \$, expertise, goods/services)
7. They trust the organization and the representative.
8. The project will be a model.
9. There is an urgency.

Community Engagement

Who can be my partners?

Where do I look?

US Army Corps
of Engineers®

U.S. ARMY

Community Engagement

- ❖ Local chamber of commerce or visitor bureau
- ❖ Local trade unions (carpenters, plumbers, steel workers, electricians, concrete, welders, etc.)
- ❖ Volunteers
- ❖ People who use the parks
- ❖ Community civic organizations
- ❖ Current national partners – list on NRM Gateway
- ❖ Tradeshows, conventions...where people with similar interests gather
- ❖ Community leaders
- ❖ Non-profits or for-profits in the area
- ❖ Who I know or someone I know who might know someone (network).

Finding Partners

Where do I start??

Get Blank Piece of Paper –
Let's Brainstorm!

US Army Corps
of Engineers®

Partnership Capacity Exercise

- ❖ Enter your assigned breakout group and take a few minutes to complete the brainstorming activity.
 - ❖ Once completed, be prepared to share your answers with your small group.
1. What types of benefits does your project create that are not directly related to the USACE NRM Mission? (Ex. Tourism, mental health/wellness, recreation industry)
 2. Brainstorm one or two organizations in your project area that values or benefits from the USACE NRM Mission. List organizations in which you do not already have a prior relationship.
 3. How can you connect with this new organization initially? What existing connections can you engage?
 4. How can you continue to build and maintain positive relationships with this organization? What can USACE bring to the table and what can the partner bring?

US Army Corps
of Engineers®

General Questions to Ask

1. What do you need from your partner/what do they need from you?
2. What is your potential partner's sustainability?
3. What is their reputation or standing in the community?
4. What are your respective expectations about time commitment?
5. What happens if you can't work it out?
6. What questions does your potential partner have for you?

US Army Corps
of Engineers®

Developing and Sustaining

- ❖ Formal agreements
- ❖ Make it work attitude to get over hurdles
- ❖ Honor commitments – long term trust always wins in building partnerships
- ❖ Invite other partners if possible – it can help both parties
- ❖ Find wins – even if small and celebrate them
- ❖ Don't just talk when you need something
- ❖ Have fun!

Final Word...

“If you’re not at the table, you’re on the menu.”

- Sally Jewel, Former U.S. Secretary of the Interior
