**If You Love Me...**

**Teach me to swim well.**  
Children who know how to swim well are less likely to drown than non-swimmers.

**Don't let me swim alone.**  
One of the leading causes of accidental death for children is drowning. Make sure I swim with an adult.

**Watch me closely at all times when I'm near water.**  
It only takes 20 seconds for a child to drown.

**Don't let me use inflatable toys.**  
Poor swimmers often drown when inflatable toys collapse or float away.

**Make sure you put a life jacket on me before I get near water.**  
96% of drowning victims would be alive today if they had worn a life jacket.

The screenshot shows the website interface for the Natural Resources Management Gateway. At the top left is the US Army Corps of Engineers logo. The main header features the text "Natural Resources Management Gateway" with the tagline "to the future . . ." and a small graphic of a bridge. Below the header is a green navigation bar with buttons for Home, Visitors, Lake Discovery, Recreation, Env Compliance, Env Stewardship, Partners, News/Events, People, Forums, Learning, GETS, Tools, New Postings, Submit, and Index/Search. The main content area is titled "Water Safety Partnerships" and contains a paragraph explaining the program's purpose. Below the text are two columns of links: "Water Safety Success Stories", "Related Sites", "Water Safety Toolbox Partnership Ideas", "News/Current Issues", "Water Safety Grants", and "Water Safety Partnership Examples". A vertical sidebar on the left contains the text "Partnerships" and "Water Safety".

### Water Safety Partnerships

The U.S. Army Corps of Engineers has developed an extensive [national water safety program](#) as well as local community programs to educate visitors about the importance of water safety. Partnerships are a great way to add impact and reach a broader audience with the goal of saving lives. The Corps has partnered with many organizations for water safety product development, special events, and water safety educational programs.
