U.S. ARMY

Authority

The Economy Act of 1932, as amended, 31 U.S.C. § 1535

- Authorizes agencies to enter into agreements to obtain supplies or services (including construction) from another FEDERAL AGENCY

Determining need and availability:

- What Federal Agencies are located adjacent to or near your Corps lakes?
- What are their areas of expertise that the Corps might want to utilize?

NOTE: Economy Act Agreements (EAA) are only used when exchanging funds with another Federal agency. You do not need an EAA to work with another Federal agency where funds are not exchanged (i.e. sharing information and expertise, attending joint meetings, co-hosting special events, etc.)

When Can You Use The Economy Act?

12

An Economy Act order can be used when:

- 1) funds are available
- 2) the ordering agency determines that it is in the best interest of the government
- 3) the ordering agency decides that ordered goods or services cannot be provided as conveniently or cheaply by contract with commercial enterprise.

U.S. ARMY

Economy Act Terminology

13

- Treasury Form FS 7600A - is a binding agreement covering General Terms & Conditions (GT&C) under which support agreements/orders (using 7600B forms) can be established. Equivalent to an MOA.
- G-Invoicing – Government-Invoicing is a Treasury owned system that all Federal agencies must use to process intra-agency and interagency agreements.
- DoD has mandated the use of G-Invoicing to establish new GT&C agreements and any accompanying support agreements/orders that extend to 30 September 2023 or later. Activities may no longer use DD 1144s for GT&C agreements for support agreements.

Economy Act Key Points

- Determination and Findings (D&F) document must be prepared by the ordering agency.
- Performing agency must be able to provide the goods or services in-house or by contract, and parties should verify under Part 8 of the FAR that the responsibility for this good or service is not assigned to another agency of the federal government.
- Authority for the ordering agency to do the work in question must be independently authorized.
- The Economy Act cannot be used for partnerships with non-federal entities and is only used with federal agencies when another more specific transfer authority is not available.
- Payment by GPC may be authorized for purchases within the credit card limit

Paperwork Needed

- General Terms & Conditions Agreement (GT&C)/Master Agreement
 - FS 7600a must be used. (Specifies the authority, fiscal and procurement terms, ranger of services, period of agreement, etc.) *Phasing out MOAs*
- Interagency Support Agreement/Order
 - FS 7600b (Funding document used to describe the supplies or services needed)
- Memo of Determinations and Findings (D&F) - Purpose is to show the Order is in best interest of government
- Certification of Availability for Purpose (A statement by the funds certifying official indicating that the funds cited on the order are properly chargeable for the purposes cited in the order.)
- All paperwork must be entered into Treasury Department G-Invoicing system before reimbursable orders can be accepted

U.S. ARMY

8.1: Economy Act Order Documentation Checklist

CORE QUESTIONS:

1. Is there more specific statutory authority¹ than the Economy Act Order with which to order this work? Yes No

If you answered Yes, then you must utilize the other statutory authority and may not utilize an Economy Act Order. If you answered No, move to question 2. If you are unsure, check with the Office of Counsel. The Requestor and Office of Counsel will more than likely need to discuss any authority question with the Servicing Agency.

2. Will this work be completed by a DoD or Non-DoD agency?

If you answered DoD, then column A documentation applies. If you answered Non-DoD, then move to question 3.

3. Is the Servicing Agency (i.e., agency you are doing the Economy Act Order with) carrying out any type of contract action to complete this work (Will the Servicing Agency rely on any resources other than its own employees or on-hand? For example, will the Servicing Agency contract out asbestos abatement or other specific portion(s) of the service)? Yes No

If you answered Yes, then column B documentation applies. If you answered No, then column C documentation applies.

Patience

- Some districts / divisions have specific guidance on how to accomplish this process – CHECK WITH YOUR SUPPORT STAFF (OC/RM/CT)
- This can be a slow process due to routing and review requirements
 - Do not get frustrated
 - It is worth the effort if the job needs to be done and expertise only exists or is more economical using the Federal Government
