U.S. ARMY

Military: Operation Warfighter/Wounded Warrior

2

- Many agencies have **hired wounded warriors into permanent positions** as they “graduate” from OWF and transition out of the military.
- Many participants have indicated that OWF, as a wellness activity, restored a sense of normalcy and **eased the transition back to work.**
- Not just about employment – Placing wounded, ill and injured Service members in supportive work settings outside of the hospital environment **positively impacts the recuperation process.**

U.S. ARMY

Put that Unusual Skill to use

3

- Wounded Warrior Travis Barnett participates in the unmanned aerial vehicle program in SAJ
- IDs prop scarring on manatees and digitizes into ARC GIS so planners can accurately quantify scarring
- Locates & IDs plant species
- Performs maintenance on UAVs
- Developed a comprehensive UAV training program for new pilots and ground station operators.

U.S. ARMY

DoD Skillbridge Program

5

- Allows Service members to gain valuable civilian work experience through specific industry training, apprenticeships, or internships during the last 180 days of service.
- For Service members: provides chance to work and learn in civilian career areas
- For USACE: access and leverage the world's most highly trained and motivated workforce at no cost. DOD pays for all salary and benefits
- Service members participating in SkillBridge receive their military compensation and benefits, and industry partners provide the training and work experience.
- Need to sign an MOU with DOD and then post the opportunities on the SkillBridge page.
- <https://skillbridge.osd.mil/program-overview.htm>
- <https://skillbridge.osd.mil/industry-employers.htm>

U.S. ARMY

Wounded Warriors.Org

6

MISSION: To honor and empower wounded warriors.

VISION: To foster the most successful, well-adjusted generation of wounded warriors in this nation's history.

PURPOSE:

- Raise awareness/enlist public's aid for injured service members
- Help injured service members aid and assist each other.
- Provide unique, direct programs and services to meet the needs of injured service members.

Fisheries for Veterans

<http://f4v.ketrick.org/>

Nonprofit partnership that works with local communities to help design, develop and conduct activities connecting veterans and their families, local communities, government programs, and non-profit organizations

U.S. ARMY

ROTC/JROTC at DeGray Lake

- Brings approximately 60 high schools from around the state to the project and builds relationships with the Henderson State University/Ouachita Baptist University ROTC program.
- Provides an alternate location for local guard units to conduct PT training, rucksack march, as well as land navigation
- Members of the ROTC and JROTC serve as volunteers on trail maintenance projects and the Annual Shoreline Cleanup

U.S. ARMY

Iowa National Guard Training at Saylorville Lake

- High water event left debris on bull nose of intake
- Existing **Economy Act** agreement with Camp Dodge
- Removed debris at cost savings of \$30k compared to contractor estimate

Partnerships

Military Partnerships

The Corps of Engineers is dedicated to encouraging the use of Corps recreation resources by the military and their families. Increased public awareness of Corps recreation programs, including increased awareness by Department of Defense and Armed Forces Commands, is a high priority.

Goal 2.4 of the [Corps Recreation Strategic Plan](#) is to “Strengthen relationships with military installations to meet the needs of both military families and the recreating public to foster use of Corps facilities by active duty, retired, and reserve military veterans and families.”

The Corps will contribute to the readiness and resilience of military members and their families through their participation in activities and programs at Corps lakes and rivers. The Corps will strengthen its unique relationship with the U.S. Armed Forces by expanding recreation programs and services for military members and their families. The Corps will promote safe and healthy outdoor recreation opportunities at Corps projects to all U.S. Armed Forces personnel, military families, and veterans.

WHAT IS YOUR PROJECT DOING WITH THE MILITARY?

U.S. ARMY

Educational Institute Partnerships

16

- Involvement with local universities and schools is a natural fit with the Corps' increasing emphasis on environmental stewardship and STEM.
- A good program can foster ownership of the project, which is beneficial when seeking community support.
- Think beyond the obvious... graphic design, environmental studies, event planning, recreation, biological sciences, engineering, architecture
- Give them the opportunity to say yes.

U.S. ARMY

Job/Intern Fairs

These are an easy way to begin interaction with your local university.

- Recruit volunteers
- Educate
- Establish an agency presence
- Establish relationships

U.S. ARMY

Guest Speaker for Intro to Rec Classes

18

The Athletic Department is a great way to promote water safety but the Recreation Department is your best way to get direct student interaction at your lake project.

- Educate
- Establish an agency presence
- Recruit
- Develop relationships

U.S. ARMY

Case Study: W. Kerr Scott Lake & ASU

- **Make initial school commitment easy**, i.e. “Could we have 10 minutes of your time to take a picture of the mascot in a life jacket? Anytime would work for us.”
- At W. Kerr Scott Reservoir in SAW, Appalachian State University allowed a ranger to come to a practice to get photos and video of players, coach and mascot wearing life jackets and promoting water safety.
- *Note: Always take photos of the mascot and coach separately in addition to together in case of coaching staff changes.*

W. Kerr Scott Lake- SAW- North Carolina

Origin- Ranger Eller got the idea to work with ASU after the football team made headlines for defeating Michigan, reached out to Rec and Athletic Departments to find opportunities to work together, partnership snowballed from there.

U.S. ARMY

Capstone Projects: National NRM Innovations Team and SW Oklahoma State University

21

- Established MOU in 2017.
- Innovations Team members present different innovations they need help with.
- IT students choose which Innovations they want to work on for the semester.
- Each University team works with a (4) person Innovations sub team for 16 weeks and presents/demos their project to USACE Innovations Team Members at end of semester.

First IT (Spring) Class in 2016

Augmented Reality Life Jackets

Tulsa District, SWOSU, & Team Leadership (2019)

U.S. ARMY

Senior Design Classes: National Innovations Team and University of Texas Arlington

22

- Establishing MOU for 2022-2023
- Senior Design Classes are (2) Semester program: 1st Semester is planning, design, resourcing. 2nd Semester is building out the Innovation into a physical prototype/product.
- Small teams of Senior Design IT Students pair up with Innovations Sub teams and work together on challenging Innovations Prototypes and Products.
- Each group works together for an entire year. University funds first \$800 of R&D for the students.
- Currently working on: Augmented Reality Floor Projections, USACE Corps Catch, Park Ranger Holograms, VR/360 App, & Sign Translator Tool.

Innovations Team presenting to UTA Class

Preliminary UTA Designs for AR Floor Projections
and Park Ranger Holograms.

U.S. ARMY

NC State Eagle Cam

23

- A team of volunteer engineers, NCSU graduate students, faculty, and staff worked to make the project happen.
- Video cameras installed at an active nest in October and began monitoring the breeding pair just before female laid two eggs in early December.

B.E. Jordan Lake- SAW- North Carolina

Origin: Ranger Ferrell led an ornithology class to visit an active bald eagle nest, idea for the eagle cam came up in conversation with the professor.

NC STATE UNIVERSITY

U.S. ARMY

Southern Illinois University at Lake Shelbyville- MVS

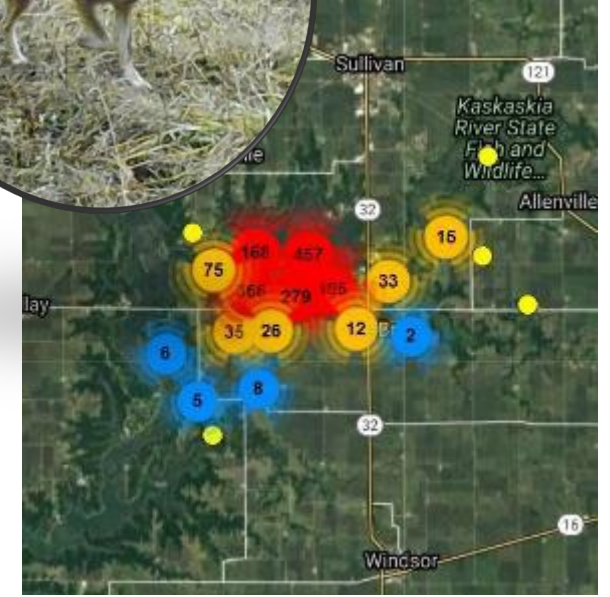

Study aimed at determining the effects of coyotes and bobcats on survival and behavior of white-tailed deer and determine how it varies between contiguous and fragmented landscapes.

- Young female bobcat GPS collared. Travelled approx. 65 miles from site of capture within first month.
- Buck tagged at 2.5 years old. Summered on east side of the lake and crossed the lake.
- Coyote shown to have a home range of approx. 20% of Lake Shelbyville.

Origin: This study spun off from a deer research project originally started in 2006.

Lake Shelbyville 11K AC

U.S. ARMY

Restoring Native Species at Allatoona

27

- Lake Allatoona has a 10-year plus relationship with Berry College.
- Ranger Terrell Stoves approached a professor at the college about a possible partnership to reintroduce the Mountain Longleaf Pine to Pine Mountain at the project.
- This success led to the expansion of the program 7 years later to include the project as a test site for the introduction of potentially blight resistant American Chestnuts.

- The Professor on the Longleaf Pine project also happened to be the state coordinator for the American Chestnut Foundation with whom the Corps has a National MOU.

Allatoona Lake- SAM- Georgia

U.S. ARMY

Trail Design at Mark Twain Lake

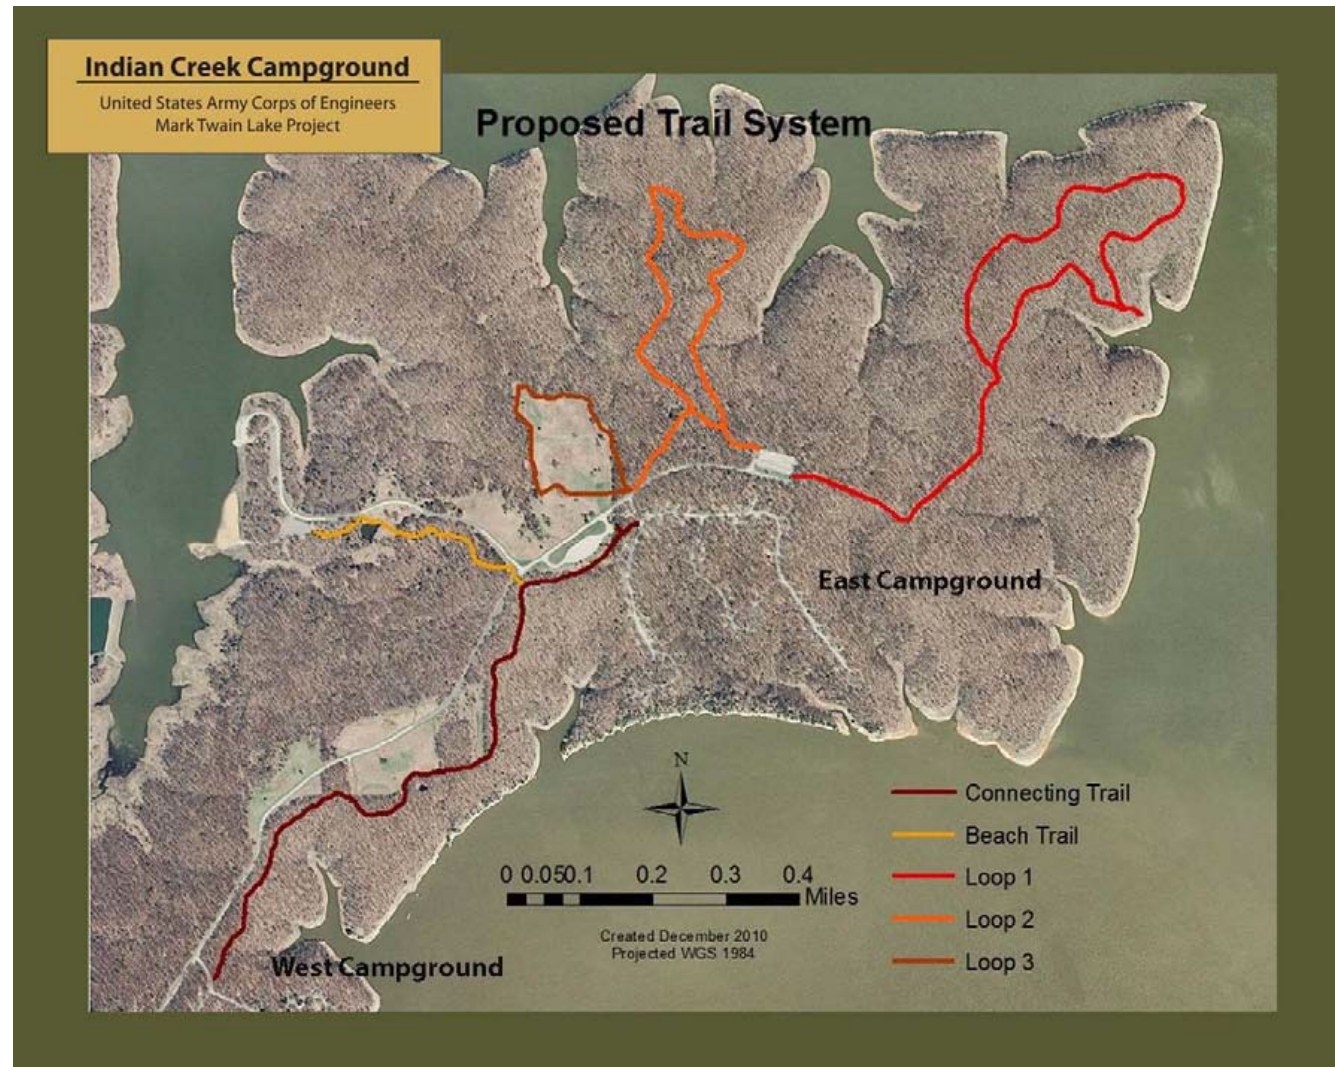

28

- MOU with Western Illinois University and the FOREST Council
- Worked with Open Space Park Planning/ Landscape Construction class on needs assessment and design of multi-use trail project
- FOREST Council applied for grant \$

Mark Twain Lake- MVS- Missouri

Origin: Several USACE NRM staff were WIU graduates and knew a professor that taught recreational trail design.

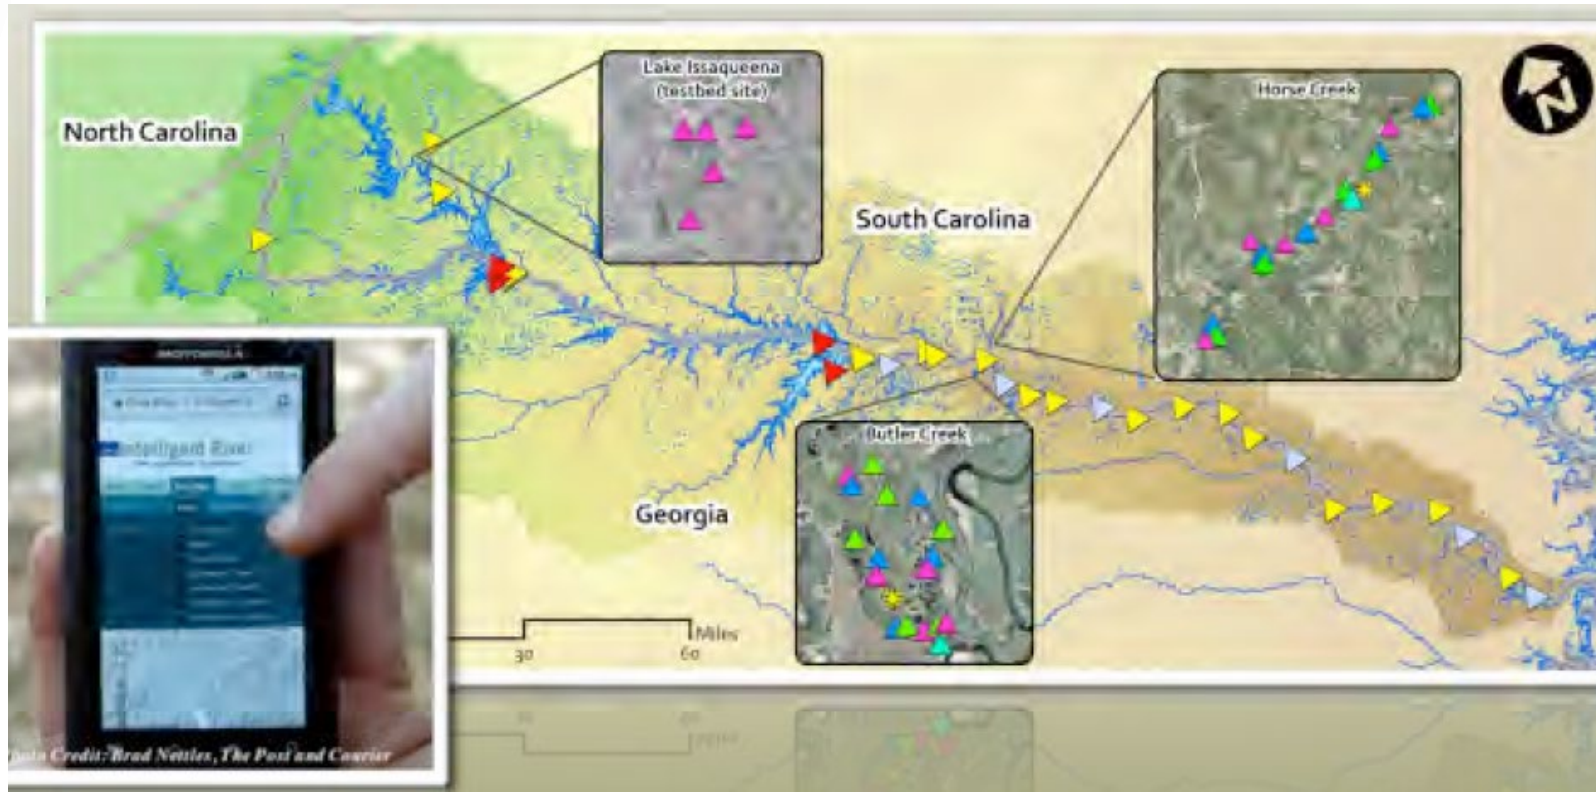

U.S. ARMY

Clemson Water Quality Monitoring

- Clemson University awarded \$3M by the National Science Foundation to design, develop and deploy a basin-wide network of computerized sensors that provide real-time remote data acquisition to monitor water quality along the entire length of the Savannah River.
- Partnered with the Corps to place sensors and share data.

U.S. ARMY

Boise State Kestrel Box Program

- Students at BSU build and install kestrel nest boxes, develop management plan, monitor populations, and band birds.

Lucky Peak Lake- NWK- Idaho

Origin: Project wanted to expand the ENS program, connected with experts at the World Center for Birds of Prey who advised that Lucky Peak would be great Kestrel habitat except there aren't any trees for cavity nesting birds. Connected with BSU who already had a Kestrel nest box program, and the partnership grew from there, including a partnership with New Roots organization that connects refugee and immigrant children to their new natural environment.

U.S. ARMY

Franklin Pierce Bat Studies at Edward MacDowell

31

- Students conduct studies to determine bat species presence to establish a baseline data set
- Mist netting surveys in 2019
- Acoustic surveys in 2020-2021
- Seven of eight known bat species in NH documented
- Three of four state endangered bat species present
- Future studies hope to incorporate telemetry to document forest-ed areas used as roosting habitat by target species such as the northern long-eared bat.

Edward MacDowell Reservoir- NAE- New Hampshire

Origin: Univ. biologist approached USACE to form partnership because this project had the most diversity of bat species in NH.

2019 Ranger Trading Card Program

Our purpose is to increase water safety awareness among children and parents.

PROGRAM GUIDELINES

1. Park Rangers will distribute cards to children 15 years of age and under.
2. Children can obtain cards by answering questions and/or by demonstrating to the Park Ranger that he/she understands safe swimming and/or boating practices regarding water safety.
3. Cards must be brought to the Project Management Office to be redeemed for prizes.

Award items are available at:

Allatoona Lake Operations
Project Management Office
1138 GA Highway Spur 20
Cartersville, GA 30121
• For questions or office hours •
Call 678-721-6700.

A Special Thank You to Our Sponsors:

Water Safety Partnerships

- Your one stop source for partnerships
- MOU/MOA examples
- Water Safety success stories
- All national partnerships
- Toolbox with tons of ideas

The screenshot shows the website interface for the NRM Gateway. At the top left is the US Army Corps of Engineers logo. The main header reads "Natural Resources Management Gateway" with the tagline "to the future . . .". Below this is a green navigation bar with buttons for Home, Visitors, Lake Discovery, Recreation, Env Compliance, Env Stewardship, and Partners. A secondary row of buttons includes News/Events, People, Forums, Learning, GETS, Tools, New Postings, Submit, and Index/Search. The page title is "Water Safety Partnerships". The main content area contains a paragraph explaining the program and a list of links: Water Safety Success Stories, Related Sites, Water Safety Toolbox Partnership Ideas, News/Current Issues, Water Safety Grants, and Water Safety Partnership Examples. A vertical sidebar on the left contains the text "Partnerships" and "Water Safety".

Any Other Water Safety Partnerships?
