National Partnerships

BUILDING STRONG®

Bass Pro Partnership

May 17 – 27 (2 Weekends)

**June 8 – July 14
(Tues, Thurs, Sat & Sun)**

- Water safety seminars in all (54-56) Bass Pro Stores. 12,000 contacts
- The NOC for Water Safety worked with Bass Pro to create the presentations and sent promotional items that will be used during the seminars
- When a Corps employee was not available to present seminar, a store associate presented
- Props and hands-on activities

BUILDING STRONG®

Wilderness Inquiry

Urban Wilderness Canoe Adventures

www.urbanwildernesscanoeadventures.org

- Provides youth with direct, hands-on experiences with nature
- Engages students in ways that motivates them to learn
- Builds an ethic of land stewardship
- Connects new audiences to public lands and agencies that care for them
- Introduces youth to employment, education and volunteer opportunities

BUILDING STRONG®

Allstate/Oh Ranger!/CF

Practice Safe, Fun Boating!  US Army Corps of Engineers.

WEAR IT
Everyone on your boat should wear a life jacket. Accidents can happen anytime.

ALCOHOL & BOATING DON'T MIX
Alcohol reduces reaction time and can cause accidents.

KNOW THE BASICS
Successfully complete a boating education course.

KNOW BEFORE YOU GO
Check the weather forecast and file a float plan with family and friends.

BOAT RESPONSIBLY
Know the weight capacity of your boat. Always be aware of your surroundings.

MAINTAIN YOUR BOAT
Routinely check electrical, fuel and auxiliary power systems.

Wahoo!
Yeehaw!
Whee!

 LEARN MORE ABOUT BOATING SAFETY

Presented thanks to the support of  

- Allstate Insurance
- Oh Ranger! Park finder website and phone app www.ohranger.com
- Corps of Engineers Natural Resource Education Foundation www.corpsfoundation.com

Boating safety interpretive panels were developed and sent to 100 Corps lakes to post in a highly visible area near a boat ramp.

SUPPLEMENTAL ACTIVITIES
 The sponsoring organization and participants may wish to schedule their own activities in conjunction with the Kids Don't Float program such as picnics, campouts, swimming, etc.

These activities are solely the responsibility of the sponsoring organization and participants. The U.S. Army Corps of Engineers, the North Dakota Game and Fish Department and the ND Safety Council, Inc. - Safe Kids will not be involved or responsible for any supplemental activities that are scheduled in conjunction with the Kids Don't Float program.

Additional information/handouts/water safety videos are available on request. Topics include: Hypothermia; general water safety for elementary age; drinking and boating for the young and reckless (rules of the road) for middle school/high school age kids.

ADVERTISING AND PROMOTION
 The organization sponsoring the event will be responsible for promoting the event and recruiting participants.

US Army Corps of Engineers
Safe Kids North Dakota

KIDS DON'T FLOAT
 BOAT & WATER SAFETY PROGRAM

OFFERED BY
 THE U.S. ARMY CORPS OF ENGINEERS
 THE NORTH DAKOTA GAME AND FISH DEPARTMENT
 ND SAFETY COUNCIL, INC. - SAFE KIDS COALITION

WHO IS THE KIDS DON'T FLOAT PROGRAM FOR?
 It is for youth 7 through 11 years of age. Parents or guardians are encouraged to attend, too.

WHAT IS THE KIDS DON'T FLOAT PROGRAM?
 The program consists of a lecture where students learn about safe boating practices, basic legal requirements, rules of the road, hypothermia, rescue techniques and the most important piece of safety equipment on all boats - personal flotation devices, among other things. The session ends with youngsters operating small two-person electric motor powered boats. The on-the-water opportunity makes for an exciting learning experience.

ARE THERE ANY COSTS INVOLVED?
 There is no charge to the participants. This program is coordinated by the U.S. Army Corps of Engineers, the North Dakota Game and Fish Department, the ND Safety Council, Inc. - Safe Kids Coalition to promote and encourage boat and water safety awareness throughout North Dakota. Any incidental costs incurred for promoting the event, such as transportation, meals or other expenses will be the responsibility of the sponsoring organization.

HOW DO WE SCHEDULE A KIDS DON'T FLOAT PROGRAM?
 Any organization such as local safety committee, school, parent-teacher organization, YMCA, 4-H club, scouting group, wildlife club or other organization can sponsor a Kids Don't Float program anywhere in North Dakota.

Sponsors can contact the U.S. Army Corps of Engineers in their area to schedule a time and place for the event.

U.S. Army Corps of Engineers offices can be called at:

- Bismarck - 701-255-0035
- Jamestown - 701-252-7666
- Valley City - 701-845-2970
- Fargo - 701-232-1894
- Riverdale - 701-654-7411

Instructors from the U.S. Army Corps of Engineers, the North Dakota Game and Fish Department, and the ND Safety Council, Inc. - Safe Kids Coalition will be notified by the Corps when a date is set for a program.

Always wear your lifejacket

Be safe and learn the "Rules of the Road"

SAVE LIVES!

If You Love Me...

Teach me to swim well.
 Children who know how to swim well are less likely to drown than non-swimmers.

Don't let me swim alone.
 One of the leading causes of accidental death for children is drowning. Make sure I swim with an adult.

Watch me closely at all times when I'm near water.
 It only takes 20 seconds for a child to drown.

Don't let me use inflatable toys.
 Poor swimmers often drown when inflatable toys collapse or float away.

Make sure you put a life jacket on me before I get near water.
 96% of drowning victims would be alive today if they had worn a life jacket.

Water Safety Partnerships

The U.S. Army Corps of Engineers has developed an extensive [national water safety program](#) as well as local community programs to educate visitors about the importance of water safety. Partnerships are a great way to add impact and reach a broader audience with the goal of saving lives. The Corps has partnered with many organizations for water safety product development, special events, and water safety educational programs.

Water Safety Program

[Headquarters POC](#)

The U.S. Army Corps of Engineers is the leading provider of water-based recreation nationwide and the second leading provider of recreation on all Federally managed public lands. There is no doubt that the popularity of our lakes, rivers and waterways, which attract nearly a half billion visitors each year, requires us to conduct effective educational programs and campaigns to teach the public safe and responsible ways to enjoy the waters. The pages of this Web site will provide you with opportunity to access information and materials that can enhance your program: view and order current water safety materials available from the national program, learn more about the Corps centralized program, read about successful efforts at Corps lakes nationwide, meet and/or contact the committee representatives who give the program life, pick up key safety information, find a local point of contact, download some useful information, and more.
