With a vibrant arts and crafts community, rich history and beautiful scenery, Kentucky is the place you'll want to visit again and again. Fishing and boating enthusiasts have numerous boat launch ramps on our lakes. Healthy fish populations are promoted through lake management techniques. Diverse campsites are available at Corps of Engineers and other agency operated campgrounds. Ideal for hiking and observing wildlife, our parks are second to none for beauty and offer a wide range of other recreational opportunities including mountain biking and horseback riding.
